Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

After Mexico approved a 50 per cent tariff hike on India for select products, New Delhi has warned of taking "appropriate measures" to safeguard its interests, an official said on Saturday.

Detailed analysis:

The tariff escalation signals rising trade frictions that could impact Indian exporters of textiles, pharmaceuticals and engineering goods. Aspirants should note the diplomatic tools India may employ, such as counter-tariffs or WTO dispute settlement, as these are frequent exam topics on foreign trade policy.
