

India Gives Green Light to Private Nuclear Power – ‘SHANTI’ Bill Unleashed!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The Union Cabinet chaired by Prime Minister Narendra Modi has approved the Atomic Energy Bill, 2025, branded as SHANTI - Sustainable Harnessing and Advancement of Nuclear Energy for Transforming India.

Detailed analysis:

Significant policy shift allowing private sector participation in nuclear power; crucial for UPSC topics on energy security, public-private partnerships and strategic infrastructure.

Source: <https://www.ndtv.com/india-news/cabinet-clears-shanti-bill-to-allow-private-players-in-nuclear-energy-field-9800016#publisher=newsstand>

Minister Says No Year-Long Airfare Freeze – Passengers Brace for Festival Hikes!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Civil Aviation Minister K Ram Mohan Naidu told the Lok Sabha today that the government cannot impose fare caps for an entire year, citing seasonal fluctuations in demand and operational realities of the aviation sector.

Detailed analysis:

Illustrates limits of price-control measures in transport; relevant for studies on regulatory frameworks, market dynamics and consumer protection in civil aviation.

Source: <https://www.ndtv.com/india-news/cant-cap-airfares-for-entire-year-aviation-minister-tells-parliament-9798741#publisher=newsstand>

BSF Nabs Armed Jaish-e-Mohammed Gunman at J&K Border!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A Jaish-e-Mohammed terrorist armed with an AK rifle was arrested by the Border Security Force (BSF) in Jammu and Kashmir's Akhnoor sector on Friday while he was trying to infiltrate the border.

Detailed analysis:

Highlights ongoing cross-border terrorism and effective border management; important for internal security, counter-terrorism and defence sections of the syllabus.

Source: <https://www.ndtv.com/india-news/armed-jaish-terrorist-arrested-in-j-k-while-trying-to-infiltrate-border-9799666#publisher=newsstand>

Delhi Court Sends Red Fort Blast Suspects to Jail – 12 Days Behind Bars!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A Delhi court on Friday remanded three doctors and a preacher who were arrested in connection with the November 10 Red Fort blast case to 12 days of judicial custody.

Detailed analysis:

Legal follow-up of a major terror incident; useful for understanding criminal procedure, investigation processes and the judiciary's role in counter-terrorism.

Source: <https://www.ndtv.com/india-news/red-fort-blast-delhi-court-sends-3-doctors-preacher-to-12-days-jail-9799309#publisher=newsstand>

Inflation Tick-Up to 0.71% – Food Prices Slow Decline, RBI's Target Under Pressure!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's annual retail inflation quickened to 0.71% year-on-year in November, picking up from a record low in October, as the pace of decline in food prices slowed, government data showed on Friday.

Detailed analysis:

Key macro-economic indicator; essential for economy papers covering price stability, monetary policy and RBI's inflation targeting framework.

Source: <https://www.ndtv.com/india-news/retail-inflation-rises-to-0-71-in-november-below-rbi-target-of-2-6-9798445#publisher=newsstand>

MNREGA to Get Fresh Identity – Cabinet Mulls New Name for Rural Employment Scheme!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A proposal has been submitted to the Cabinet to change the name of the erstwhile UPA government's flagship MNREGA (Mahatma Gandhi National Rural Employment Guarantee Scheme).

Detailed analysis:

Reflects political discourse on welfare branding and policy continuity; pertinent for governance, social welfare and rural development topics.

Source: <https://www.ndtv.com/india-news/flagship-programme-mnrega-to-get-a-new-name-proposal-now-with-cabinet-9798097#publisher=newsstand>

Iranic Fury: Nobel Laureate Dragged Off By Security Forces!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Her supporters described her as having been “violently detained earlier today by security and police forces”.

Detailed analysis:

The arrest of Narges Mohammadi, a global human-rights icon, escalates tensions between Iran and the international community. It underscores Tehran's crackdown on dissent ahead of the upcoming presidential elections, and may trigger fresh sanctions or diplomatic pressure, a vital topic for UPSC and other civil-service exams.

Source: <https://www.thehindu.com/news/international/iran-arrests-nobel-peace-prize-laureate-narges-mohammadi-supporters-say/article70389584.ece>

U.S. Navy Snatches Venezuelan Oil Juggernaut in High-Sea Heist!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The U.S. has seized a sanctioned oil tanker off the coast of Venezuela, President Donald Trump said on December 11. This move has sent oil prices higher and sharply escalated tensions between Washington and Caracas.

Detailed analysis:

The seizure illustrates Washington's aggressive use of sanctions to curb Venezuela's oil revenue, affecting global oil markets and geopolitics in Latin America. Understanding such power-play is essential for questions on international trade, energy security, and US foreign policy.

Source: <https://www.thehindu.com/videos/watch-new-video-shows-apparent-seizure-of-venezuelan-crude-oil-tanker-by-the-us/article70389204.ece>

Image 1 (Real):

Image 2 (Pexels):

Summary:

Currently, India can impose taxes on any French entity's share sale, but only when it holds more than 10% of an Indian company. The new proposed treaty will remove that threshold.

Detailed analysis:

The treaty revision is a landmark in India's effort to attract foreign investment while safeguarding fiscal interests. It reflects the evolving Indo-European economic partnership, a recurrent theme in GS-II and economics sections of competitive exams.

Source: <https://www.thehindu.com/news/international/india-france-seal-treaty-revamp-giving-paris-dividend-relief-new-delhi-tax-rights/article70388880.ece>

Ex-Iraqi Leader Takes Helm of UN Refugee Agency, Shaking Up Aid Politics!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Barham Salih has been chosen as the High Commissioner, breaking a tradition of appointing leaders from major donor countries.

Detailed analysis:

Barham Salih's appointment signals a shift toward greater representation of conflict-affected regions in UN leadership. It will impact policies on displacement, a key subject for international relations and humanitarian law in exam syllabi.

Source: <https://www.thehindu.com/news/international/former-iraq-president-named-un-refugee-chief/article70388475.ece>

Sky Showdown: US-Japan Jets Clash as China Sends Dragon-Bomber Swarm!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The exercise showcasing joint Japanese-U.S. air power came a day after Chinese and Russian bombers flew together around western Japan, prompting Tokyo to scramble fighter jets.

Detailed analysis:

The drills highlight the strategic contest in the Indo-Pacific, with implications for regional security architecture, alliance dynamics, and defence policy—core topics for the UPSC security and international relations papers.

Source: <https://www.thehindu.com/news/international/us-japan-hold-joint-flight-drills-as-china-ups-military-activity-near-japan/article70387125.ece>

Sudan's Chaos: Millions Flee as War Turns Humanitarian Nightmare!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

With close to 10 million people fleeing their homes, the displacement crisis in Sudan is currently the largest and fastest growing.

Detailed analysis:

The escalating civil war in Sudan poses severe humanitarian challenges and threatens regional stability in the Horn of Africa. Exam candidates must grasp the causes, the scale of displacement, and international response mechanisms.

Source: <https://www.thehindu.com/data/sudan-civil-war-deepening-humanitarian-crisis/article70384247.ece>

Coal Boom! Govt Clears Path for Indian Coal to Flood Global Markets

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The cabinet on Friday also approved the 16th Census of India, which will start in April 2026 and end in February 2027.

Detailed analysis:

The new export framework is expected to boost coal revenues by opening new overseas markets, improving the sector's fiscal health and enhancing India's leverage in energy geopolitics. Aspirants should note the link between policy liberalisation and trade balance improvements.

Source: <https://www.livemint.com/news/india/union-cabinet-decisions-india-coal-linkage-export-policy-11765549460663.html>

Mexico Slashes Indian Exports with Massive Tariff Spike!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

According to a GTRI report, nearly 75% of India's \$5.75 billion of exports to Mexico in FY25 will be affected by the tariff hikes, fundamentally altering the economics of accessing India's largest export destination in Latin America after Brazil.

Detailed analysis:

The abrupt tariff rise threatens a sizable share of Indian export earnings, prompting firms to diversify markets or renegotiate pricing. Exam takers should understand how protectionist moves can reshape bilateral trade flows and affect the current account.

Source: <https://www.livemint.com/news/mexico-tariff-hike-india-india-exports-to-mexico-11765531790465.html>

Pakistan Opens Doors: Binance & HTX Rush to Grab Crypto Licence

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Pakistan has granted initial clearance for Binance and HTX to register with regulators and prepare for full exchange licence applications.

Detailed analysis:

Regulatory green-lights in neighbouring Pakistan could spur cross-border crypto activity, offering Indian investors new arbitrage avenues while highlighting the need for clear domestic crypto policy.

Source: <https://www.livemint.com/news/world/pakistan-allows-binance-htx-to-start-applying-for-crypto-exchange-licences-details-here-11765542488056.html>

RBI Drops Bombshell: Crypto Just Code, Not Money!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

RBI Deputy Governor T. Rabi Sankar clarified that cryptocurrency is a piece of code, not legal tender, underscoring the regulator's cautious stance.

Detailed analysis:

The statement reinforces the RBI's non-recognition of crypto as a currency, signalling tighter oversight for Indian crypto firms and affecting capital-raising strategies in the sector.

Source: <https://www.livemint.com/news/india/cryptocurrency-is-a-piece-of-code-not-a-currency-says-rbi-deputy-governor-t>

IndiGo Turbulence: 160 Flights Axed, Travel Chaos Hits Capital

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Reports indicate that 105 flights – 52 departures and 53 arrivals – were cancelled at the Delhi airport.

Detailed analysis:

Frequent cancellations erode passenger confidence and pressure IndiGo's share price; the appointment of an external expert hints at possible operational reforms that could reshape the Indian aviation landscape.

Source: <https://www.livemint.com/news/india/indigo-crisis-continues-airline-cancels-160-flights-from-delhi-and-bengaluru-expert-hired-to-probe-disruption-11765543253612.html>

Minister Says No Year-Long Airfare Cap Amid IndiGo Fallout

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Naidu further said that IndiGo is being held accountable, adding that refunds are being made for flights cancelled between 5 and 15 December.

Detailed analysis:

The refusal to impose a year-long fare cap indicates a market-driven pricing approach, balancing airline profitability with consumer protection; students should note how policy decisions affect airline economics and regulatory discourse.

Source: <https://www.livemint.com/news/india/cant-cap-airfares-for-entire-year-says-civil-aviation-minister-k-ram-mohan-naidu-amid-indigo-crisis-11765546304369.html>

FIFA SKYROCKETS WC 2026 TICKET PRICES – Fans Pay \$8,680 FOR A SEAT!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

FIFA has hiked 2026 WC ticket prices sharply, with some now at \$700. A lower-tier final seat has jumped to \$8,680 — nearly \$2,000 more than it cost in October.

Detailed analysis:

Shows the commercial dynamics of global sport events and the impact of pricing on fans. Useful for questions on sports economics, event management and the financial planning of mega-sports tournaments.

Source: <https://www.hindustantimes.com/sports/football/watching-world-cup-2026-from-stadium-just-got-costlier-as-fifa-implements-another-ticket-price-hike-101765515055920.html>

WRESTLING SUPERSTAR VINESH PHOGAT RETURNS TO CHASE GOLD AT LA 2028!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's star wrestler says she is stepping back toward LA28 with a 'heart that's unafraid and a spirit that refuses to bow'

Detailed analysis:

Highlights India's focus on Olympic preparation and athlete longevity. Relevant for sports policy, talent nurturing, and the role of individual athletes in inspiring national pride.

Source: <https://www.hindustantimes.com/india-news/vinesh-phogat-announces-comeback-to-chase-olympic-dream-101765531167682.html>

HOME-GROUND QUALIFIER: INDIAN SHOOTERS CAN EARN 2028 OLYMPIC SPOTS IN NEW DELHI!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Indian shooters can qualify for the 2028 Olympics at the 2027 ISSF World Cup in New Delhi, which offers 12 quota places across disciplines.

Detailed analysis:

Demonstrates India's strategic use of home events to secure Olympic berths, a point often examined in questions on sports administration and international qualification systems.

Source: <https://www.hindustantimes.com/sports/others/indian-shooters-get-2028-olympics-quota-event-at-home-101765476280377.html>

REAL MADRID ON THE EDGE: XABI ALONSO'S JOB HANGING BY A THREAD!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

It is also being reported that Xabi Alonso doesn't have a good relationship with a huge part of the dressing room and has fallen out with winger Vinicius Jr.

Detailed analysis:

Illustrates managerial pressure at elite clubs, useful for understanding team dynamics, leadership challenges, and the impact of player-coach relations on performance.

Source: <https://www.hindustantimes.com/sports/football/xabi-alonso-sacking-decision-reached-as-real-madrid-gear-up-for-alaves-clash-report-101765548361419.html>

SALAH'S FUTURE HANGS IN THE BALANCE – LIVERPOOL'S STAR ON THE BRINK OF DEPARTURE!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Liverpool boss Arne Slot is all set to hold talks with Mohamed Salah ahead of the Premier League fixture against Brighton.

Detailed analysis:

Reflects the high-stakes nature of player-manager negotiations in top leagues. Relevant for topics on contract management, player performance assessment, and club decision-making.

Source: <https://www.hindustantimes.com/sports/football/mohamed-salahs-liverpool-fate-depends-on-outcome-of-conversation-with-boss-arne-slot-you-can-keep-trying-but-101765534477205.html>

MEET MESSI OR PAY THE PRICE – 10 LAKH RUPEES REQUIRED TO SNAP A PIC WITH THE LEGEND!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The fans now have the chance to meet eight-time Ballon d'Or winner Lionel Messi and even click a photo with him.

Detailed analysis:

Shows commercialisation of star athletes in India and the economics of fan experiences. Useful for questions on sports marketing, brand endorsements and revenue generation.

Source: <https://www.hindustantimes.com/sports/football/want-to-meet-lionel-messi-in-india-first-make-sure-you-have-inr-10-lakh-101765511190635.html>

India's Paper Retraction Surge: Gen-AI Fuels Fake Science!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

 Pexels Image

Summary:

Achal Agrawal warns that generative AI is driving a sharp rise in falsified data, papers and peer-reviews, causing unprecedented retraction rates in Indian research since 2022.

Detailed analysis:

Critical for UPSC/IAS aspirants to understand research ethics, the impact of AI on scientific integrity, and policy measures needed for safeguarding academia.

Source: <https://www.thehindu.com/sci-tech/science/research-papers-retractions-india-skyrocketed-achal-agrawal-interview/article70388758.ece>

Gaganyaan Goes Human-Rated: Safety Tech That Could Save Lives!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

 Pexels Image

Summary:

Human-rating adds redundancy, abort capabilities and rigorous testing to the LVM-3, ensuring safe crewed flights as ISRO readies the Gaganyaan mission.

Detailed analysis:

Directly relevant to defence and space sections of govt exams; highlights engineering safeguards, risk management, and India's crewed-flight ambitions.

Source: <https://www.thehindu.com/sci-tech/science/why-human-rating-matters-as-india-prepares-for-gaganyaan/article70384738.ece>

Snail Eyes Inspire Human Vision-Repair Breakthrough!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

 Pexels Image

Summary:

Scientists explore the ancient regenerative program in snails to decode mechanisms that could revive damaged retinal cells in humans.

Detailed analysis:

Shows translational biology—useful for biology and biotechnology topics in exams, emphasizing model organisms and regenerative medicine trends.

Source: <https://www.thehindu.com/sci-tech/science/the-snail-as-a-model-for-restoring-vision-in-humans/article70380493.ece>

MAVEN Goes Silent: NASA's Decade-Long Mars Watcher Vanishes!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

 Pexels Image

Summary:

After ten years of continuous data, NASA's MAVEN probe stopped communicating when it moved behind Mars, prompting a scramble to re-establish contact.

Detailed analysis:

Highlights challenges of deep-space missions, communication delays, and contingency planning—key for space-science sections of competitive exams.

Source: <https://www.thehindu.com/sci-tech/science/nasa-loses-contact-with-maven-spacecraft-after-a-decade-in-mars-orbit/article70386103.ece>

Twin-Star Planet Discovered: A 300-Year 'Year' on a Distant World!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

 Pexels Image

Summary:

A newly identified exoplanet circles a binary star system, completing an orbit that equates to a 300-Earth-year 'year', a rarity in planetary science.

Detailed analysis:

Illustrates exoplanet detection methods and orbital dynamics—important for astronomy and physics portions of the syllabus.

Source: <https://indianexpress.com/article/technology/science/astronomers-spot-rare-planet-orbiting-twin-stars-with-a-300-year-long-year-10416792/>

Ancient Sparks: Oldest Fire-Making Evidence Unearthed!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

 Pexels Image

Summary:

Excavations reveal the earliest known tools and residues indicating controlled fire use, pushing back humanity's fire-making timeline.

Detailed analysis:

Provides material for history and archaeology questions, emphasizing early human technological evolution and its impact on civilization.

Source: <https://indianexpress.com/article/technology/science/archaeologists-find-oldest-evidence-of-fire-making-10415281/>

India's Silent Killer: Air Pollution Chokes the Nation!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's air quality crisis is both widespread and deeply entrenched. The scientific evidence is overwhelming, and the health impacts are undeniable. The country must now recognise clean air as a fundamental right essential to equitable growth

Detailed analysis:

Air pollution is a top-ranked public-health issue in India and a frequent UPSC topic. Candidates should remember its major health effects (respiratory, cardiovascular, premature mortality) and the government's push for stricter standards, which may appear in essay and GS-III questions.

Source: <https://www.thehindu.com/sci-tech/health/the-invisible-epidemic-why-air-pollution-is-now-indias-largest-health-threat/article70316923.ece>

Delhi's New Air Rules: Govt Says World Rankings Irrelevant!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The Environment Ministry said no official country-wise pollution ranking is carried out worldwide

Detailed analysis:

Highlights the policy shift toward indigenous air-quality norms. Important for questions on environmental governance, inter-governmental negotiations, and the need for India-specific standards in the climate-health discourse.

Source: <https://www.thehindu.com/news/national/india-sets-its-own-air-standards-global-rankings-not-official-government-tells-parliament/article70387115.ece>

Childhood Nightmare: Rare Disease Care on the Brink!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

In a submission to Prime Minister, the forum has warned that treatment interruptions under the National Policy for Rare Diseases have placed dozens of young patients at immediate and preventable risk

Detailed analysis:

Rare diseases are a niche yet high-impact health-policy area. The article underlines gaps in implementation of the National Policy for Rare Diseases—useful for GS-II health-policy questions and for discussing health-care equity.

Source: <https://www.thehindu.com/sci-tech/health/indian-medical-parliamentarians-forum-flags-acute-crisis-in-care-for-children-with-rare-lysosomal-disorders/article70383698.ece>

Home-Made Hope: FDA Greenlights First DIY Depression Gadget!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The device is cleared to treat moderate to severe major depressive disorders in adults aged 18 and older, as a standalone treatment or alongside other treatments, who are not considered resistant to medication.

Detailed analysis:

First regulatory clearance for a home-use mental-health device signals a shift toward digital therapeutics. Relevant for questions on healthcare innovation, mental-health policy, and the role of the FDA in emerging technologies.

Source: <https://www.thehindu.com/sci-tech/health/us-fda-approves-first-at-home-device-for-depression/article70388353.ece>

Gut Bugs Sabotage Your Brain: New Study Blames Dysbiosis!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

CUSAT's statement explained that researchers examined how antibiotic-induced gut dysbiosis—an imbalance in the gut microbial community—impacts physiological processes beyond the intestine

Detailed analysis:

Connects microbiome research with neurocognitive health, an emerging interdisciplinary field. Useful for optional subjects like Biology and for GS-III questions on scientific research and public health implications of antibiotic use.

Source: <https://www.thehindu.com/sci-tech/health/indo-german-study-links-gut-bacteria-imbalance-to-memory-cognitive-decline/article70388281.ece>

Myth Busted: WHO Declares Vaccines Safe from Autism!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Years of research demonstrate that there is no causal link between vaccinations and autism or other neurodevelopmental disorders

Detailed analysis:

A definitive WHO statement that counters vaccine hesitancy—a recurring exam topic under public health, communicable diseases, and health communication. Highlights the need for evidence-based advocacy.

Source: <https://www.thehindu.com/sci-tech/health/vaccines-do-not-cause-autism-who/article70388190.ece>

BREAKING: India-Oman Trade Deal Set to Supercharge Gulf Commerce!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India and Oman are set to sign a free trade agreement. The pact will be signed during Prime Minister Narendra Modi's visit to Oman from December 17-18. This Comprehensive Economic Partnership Agreement aims to boost trade and investment between the two nations. Oman is a significant export market for India in the Gulf region.

Detailed analysis:

For UPSC/IAS aspirants, this highlights India's push for strategic economic ties in the Gulf, diversifying export markets and enhancing energy security. The agreement could increase Indian exports of engineering goods, pharmaceuticals, and services, while providing Oman greater access to Indian consumer markets, influencing the trade balance and foreign exchange earnings.

Source: <https://economictimes.indiatimes.com/news/economy/foreign-trade/cabinet-approves-india-oman-trade-pact-may-be-signed-during-pms-oman-visit-on-dec-17-18/articleshow/125935356.cms>

RBI SLAMS STABLECOINS: 'NO UTILITY, BIG THREAT'

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Reserve Bank of India Deputy Governor T. Rabi Sankar cautioned against stablecoins, citing significant macroeconomic risks and their lack of unique utility compared to fiat money. He emphasized that these digital tokens do not offer benefits beyond what traditional currency can provide, and India will maintain a cautious approach to such innovations.

Detailed analysis:

Important for banking and finance exams: RBI's stance signals regulatory restraint on crypto assets, reinforcing monetary stability priorities. Candidates should note potential impacts on fintech, cross-border payments, and how Indian policy may diverge from other jurisdictions that are embracing stablecoins.

Source: <https://economictimes.indiatimes.com/news/economy/policy/rbi-warns-of-stablecoin-risks-dismisses-claims-of-utility/articleshow/125933450.cms>

SEBI CLOSES ADANI GREEN INSIDER CASE—NO PENALTY, NO REPRIMAND!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Sebi has dropped insider trading charges against Pranav Adani and two others, ruling their Adani Green trades occurred after news of the SB Energy acquisition became public, making the information no longer price sensitive.

Detailed analysis:

Shows regulatory discretion and the importance of price-sensitivity thresholds. For exam takers, it underscores how SEBI evaluates insider trading cases and the potential reputational impact on conglomerates, influencing corporate governance discussions in the economy syllabus.

Source: <https://economictimes.indiatimes.com/markets/stocks/news/adani-green-insider-trading-sebi-ends-case-against-pranav-adani-without-any-direction-or-penalty/articleshow/125936216.cms>

Image 2 (Pexels):

Summary:

Several mid-sized lenders, including Kotak Mahindra Bank, RBL Bank, and IndusInd Bank, are slowing new credit card issuances due to ongoing sector stress and a focus on cleaning up books. This contrasts with larger banks like HDFC Bank and ICICI Bank, which continue aggressive portfolio expansion.

Detailed analysis:

Illustrates divergent strategies within Indian banking. Candidates should note that larger banks leverage scale to sustain credit-card growth, affecting NPA trends and consumer credit dynamics—key topics for banking & finance sections of competitive exams.

Zerodha BANS CREDIT CARDS & LOANS—'HIGH RISK, LOW REWARD'!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Nithin Kamath says Zerodha limits lending to loans against securities due to higher funding costs, tougher competition, and risks linked to unsecured credit. Lower-risk, collateral-backed loans align better with its philosophy and customer base, making them a natural extension of its broking business.

Detailed analysis:

Shows fintech firms' risk-averse credit strategies, contrasting with traditional banks. Important for exams covering financial inclusion, digital finance, and regulatory considerations around broker-backed lending models.
