## — NATIONAL —

*Washington Mulls Deploying the World's Biggest Bomb on Tehran!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The United States is reportedly considering the use of the massive 'Mother Of All Bombs' against Iran, a weapon never before employed in the region. Deployment would represent a major escalation in US-Iran tensions.

**Detailed analysis:**

For UPSC and other exams, this highlights the strategic calculus behind US nuclear deterrence and the potential impact on South Asian security dynamics. Candidates should link this to India’s foreign policy posture and regional balance of power.

**Source:** https://www.ndtv.com/world-news/us-weighs-dropping-mother-of-all-bombs-on-iran-report-12192251#publisher=newsstand

*Houthi Swarm Bombards Riyadh Airport – 20 Strikes in One Month!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The Saudi-led coalition reported that Yemen's Houthi rebels launched 20 ballistic missile and drone attacks on Riyadh's main airport this month, raising fears of civilian casualties.

**Detailed analysis:**

The incident underscores the volatility of the Red Sea corridor and its implications for India's energy imports and maritime security. Exam takers should note the nexus between proxy wars and India's strategic interests in the Gulf.

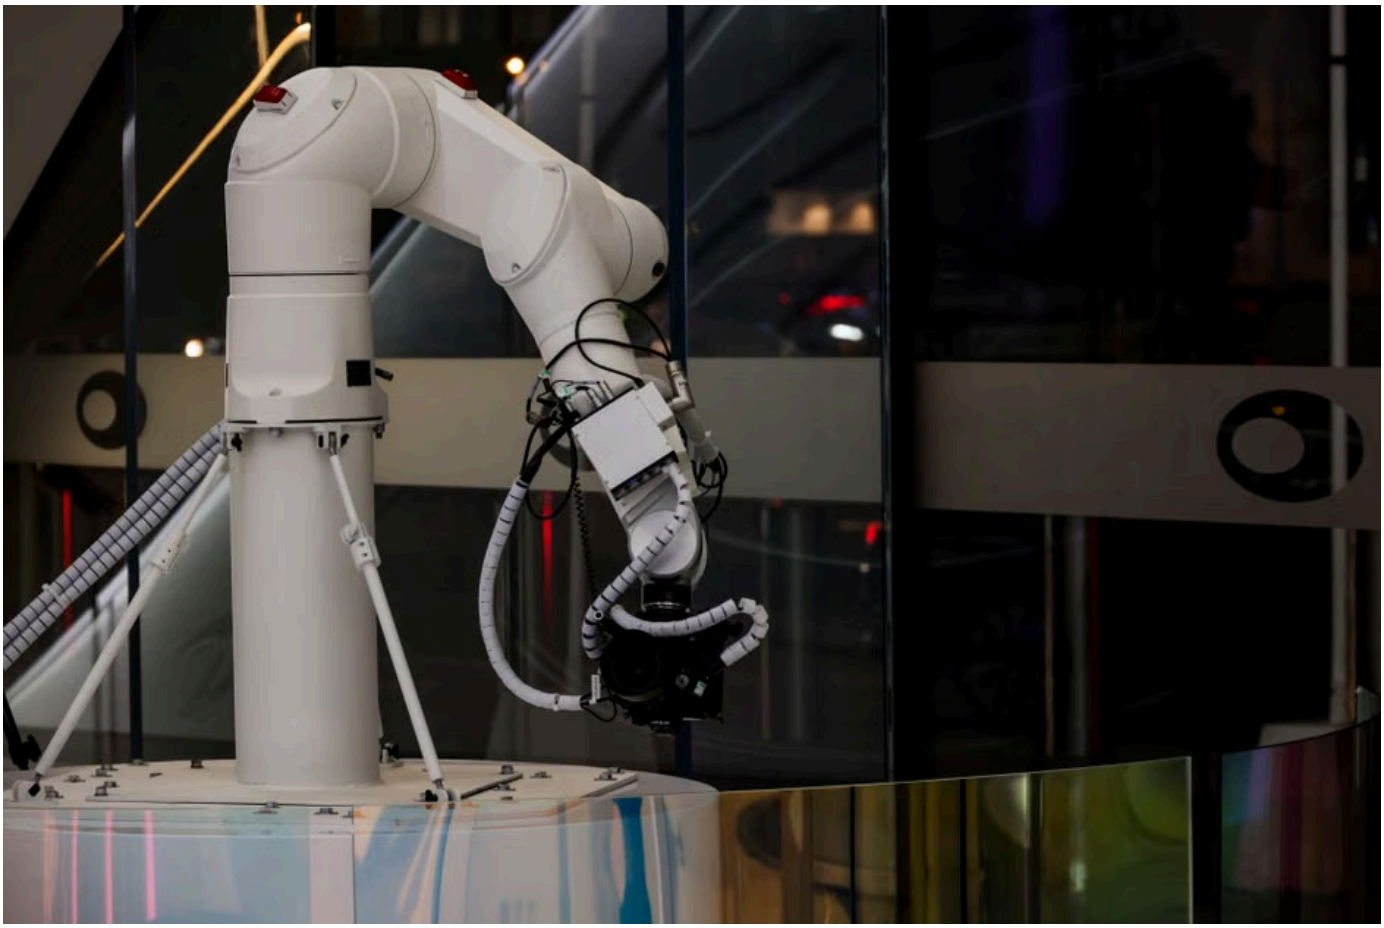
**Source:** https://www.ndtv.com/world-news/saudi-led-coalition-says-houthis-attacked-riyadh-airport-20-times-this-month-12192182#publisher=newsstand

*AI Scandal! Eight US States File Lawsuit Over ChatGPT's Deadly Advice!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**



**Summary:**

Eight US states have filed a lawsuit against OpenAI, alleging that ChatGPT provides dangerous medical advice, fuels paranoia, and even encourages self-harm or violence.

**Detailed analysis:**

The case signals growing regulatory scrutiny on AI, a topic increasingly featured in the ethics and technology sections of civil services exams. Aspirants should discuss policy responses and the balance between innovation and safety.

**Source:** https://www.ndtv.com/world-news/chatgpt-hurting-children-deceiving-adults-8-us-states-sue-openai-12192181#publisher=newsstand

*Hunger Declines Yet Millions of Indian Kids Still Starve-Thin!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

India has made progress in reducing overall hunger over two decades, but child wasting rates remain alarmingly high, indicating uneven development across regions.

**Detailed analysis:**

This reflects the dual challenge of economic growth versus human development indices, a recurring theme in GS-II. Candidates should tie this to nutrition-related schemes like POSHAN Abhiyaan and policy gaps.

**Source:** https://www.ndtv.com/india-news/indias-hunger-score-improves-but-child-wasting-remains-high-12192134#publisher=newsstand

*Election Commission Launches Massive Voter-Roll Clean-Up Across 17 States!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The Election Commission has directed 17 states and union territories to conduct a Special Summary Revision of electoral rolls, aiming to enroll all eligible voters before the 2027 deadline.

**Detailed analysis:**

Understanding electoral reforms is crucial for polity sections. This move aims to enhance voter inclusivity and address discrepancies, a point to note for questions on electoral management and democratic deepening.

**Source:** https://www.indiatvnews.com/news/india/ec-announces-special-summary-revision-in-17-states-and-uts-to-boost-enrolment-of-eligible-electors-2026-10-15-1057093

*Deadly Houthi Missile Hits Yemen’s Presidential Palace – 4 Fatalities!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

A Houthi missile strike on the Al-Maashiq presidential palace in Yemen killed four people, intensifying the conflict’s impact on governmental infrastructure.

**Detailed analysis:**

The incident illustrates the expanding reach of non-state actors in the Middle East, influencing global oil markets and security calculations for India’s energy imports. Relevant for questions on international security and conflict spill-overs.

**Source:** https://www.ndtv.com/world-news/4-killed-in-houthi-missile-strike-on-presidential-palace-in-yemen-12192091#publisher=newsstand

## — WORLD —

*Israeli Opposition Threatens to Crush Hamas in Just 18 Months!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Gadi Eisenkot accused PM Netanyahu of a "strategic failure" in Gaza, where he said "Hamas is still the sovereign... armed, arming itself, and militarily active" after three years of war

**Detailed analysis:**

The statement signals a hard-line shift in Israeli politics ahead of elections, potentially reshaping the Gaza strategy and influencing voter sentiment. Aspirants should note the impact on Israel's security doctrine and the broader Middle-East power balance.

**Source:** https://www.thehindu.com/news/international/netanyahus-rival-vows-to-end-hamas-rule-within-18-months-if-elected/article71589619.ece

*Gaza Faces Total Trade Blockade as Trucks Halted!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Merchants in Gaza coordinate directly with vendors outside the territory, whose shipments are examined by Israel's military before entering Gaza; the Ministry had been asking merchants to pay 10,000 shekels per truck entering Gaza, the head of private truckers union said

**Detailed analysis:**

The halt deepens the humanitarian crisis, raising questions about international law and the effectiveness of the cease-fire. For exams, focus on the economic weaponisation of conflict and its diplomatic ramifications.

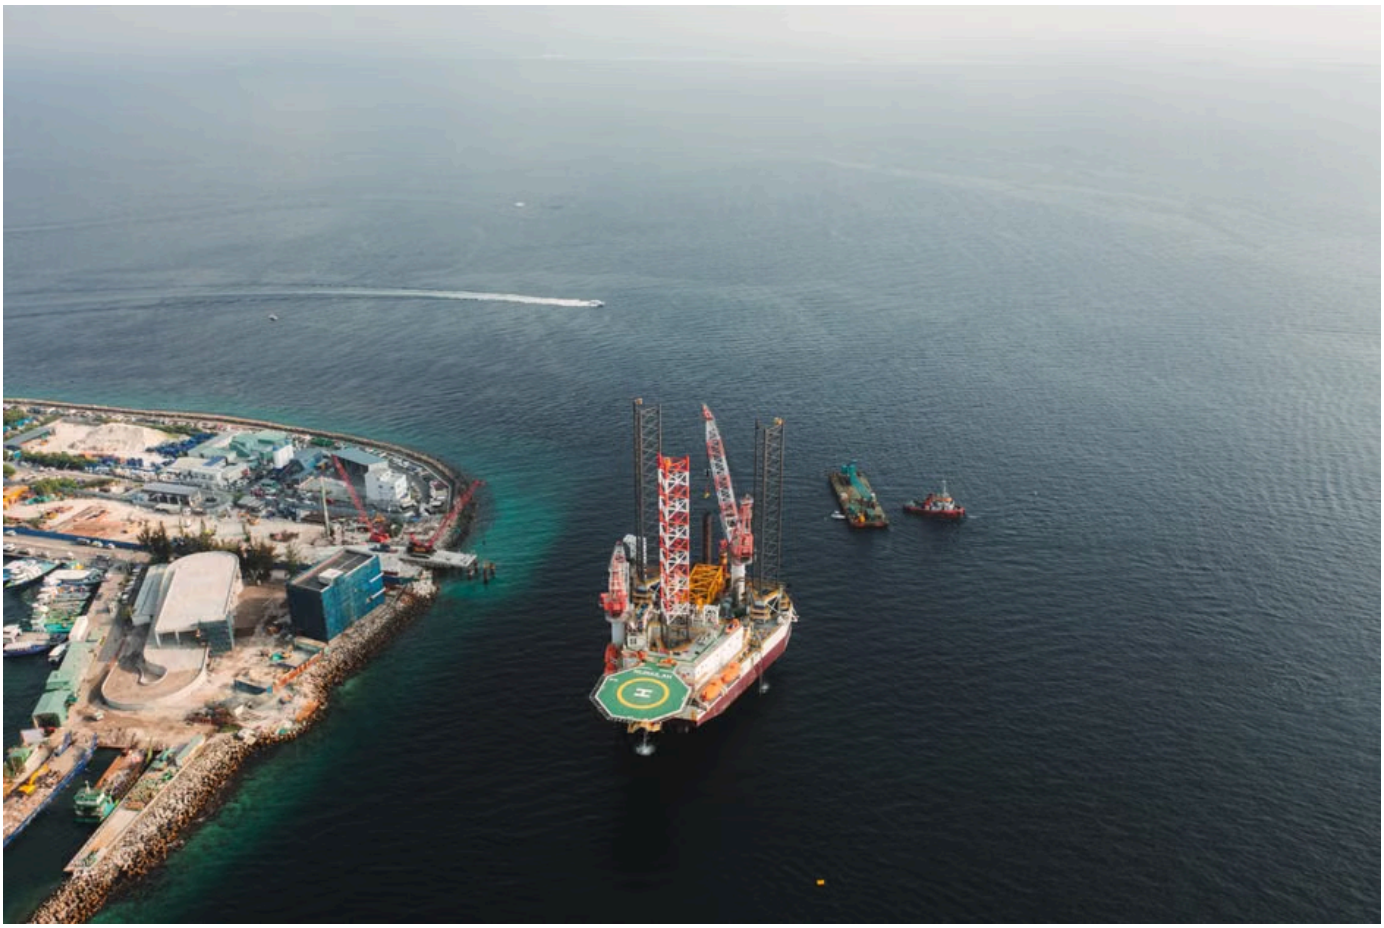
**Source:** https://www.thehindu.com/news/international/commercial-goods-are-no-longer-entering-gaza-raising-fears-of-worsening-shortages-in-the-territory/article71589618.ece

*Secret Billion-Dollar Oil Pact Between US and Russia Over Ukraine!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**



**Summary:**

The deal, which is contingent on approval from the U.S. government and the Kremlin, involves a sprawling set of oil fields, refineries and gas stations around the world owned by Russian energy group Lukoil, according to the report.

**Detailed analysis:**

If true, the deal would undermine sanctions, alter the energy market, and affect NATO's posture in Ukraine. Candidates should assess how energy diplomacy intersects with security policy.

**Source:** https://www.thehindu.com/news/international/us-russia-talks-on-ukraine-involve-multi-billion-dollar-oil-deal-report/article71541486.ece

*Strategic China-North Korea Bridge Opens, Boosting Military Mobility!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The New Yalu River Bridge initially was expected to enter use in 2014, when China had apparently completed construction on its side. But North Korea had not done corresponding work on its side at the time

**Detailed analysis:**

The operational bridge enhances logistic links, potentially facilitating troop movement and trade, reinforcing the China-DPRK axis. Important for understanding regional security calculus and sanctions enforcement.

**Source:** https://www.thehindu.com/news/international/new-china-north-korea-bridge-opens-after-more-than-a-decade-of-delay/article71589742.ece

*Iran Executes Protester, Sparking International Outcry!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Siavash Jamshidi was accused of targeting security personnel during mass demonstrations that peaked in January in which thousands of people were killed.

**Detailed analysis:**

The execution underscores Iran's harsh crackdown on dissent, affecting its diplomatic ties and internal stability. Examine implications for human-rights discourse and regional protest dynamics.

**Source:** https://www.thehindu.com/news/international/iran-executes-man-linked-to-anti-government-protests/article71541461.ece

*Tigray Rebels Flee Capital as Government Advances, Threat of Renewed Civil War!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Fighting erupted on September 23 in northern Ethiopia as the rebel Tigray People's Liberation Front (TPLF) launched attacks into neighbouring states, raising fears of a return to the devastating 2020-2022 civil war.

**Detailed analysis:**

The retreat signals a shift in the Tigray conflict, potentially stabilising the region but also risking new displacement. Important for understanding Ethiopia's federal dynamics and the Horn of Africa's security environment.

**Source:** https://www.thehindu.com/news/international/ethiopias-tigray-rebels-abandon-regional-capital-as-government-advances/article71541559.ece

## — BUSINESS —

*India Unleashes ₹50 Crore Mega-Fund to Supercharge Drug Discovery!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Promotion of Research and Innovation in Pharma & MedTech scheme has a total financial outlay of ₹5,000 crore, which includes ₹700 crore to establish Centers of Excellence at seven National Institutes of Pharmaceutical Education & Research, and ₹4,200 crore to accelerate investments in R&D.

**Detailed analysis:**

The massive financial push signals a strategic shift toward self-reliance in pharmaceuticals, offering startups unprecedented capital for R&D. Aspirants should note the emphasis on public-private partnership and its impact on biotech employment and export potential.

**Source:** https://www.livemint.com/news/govt-offers-startups-up-to-50-cr-for-new-drug-discovery-under-pharma-scheme-11792064919759.html

*Maharashtra Cracks Down: 892 Food Licences Slashed, ₹50 Crore Seized!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Of the 19,713 total inspections, 5,335 were conducted across hotels, restaurants, dhabas and other food establishments, resulting in 585 licence suspensions and 15 cancellations.

**Detailed analysis:**

Stringent enforcement curbs illegal food practices, raising compliance costs for the hospitality sector. Exam takers should understand how regulatory actions affect market entry barriers and consumer confidence.

**Source:** https://www.livemint.com/news/maharashtra-fda-suspends-892-licences-seizes-50-crore-of-adulterated-food-in-six-months-11792068767645.html

*New Caller-Name Rule Set to Shake Up India's Telecom Landscape from Nov 1!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

From November 1, 2026, telecom operators must introduce Calling Name Presentation (CNAP) across 4G and 5G networks in India. The DoT directive sets out how caller names will be displayed, how businesses can register preferred names, and why certain callers may remain unidentified.

**Detailed analysis:**

Mandatory CNAP will enhance brand visibility for businesses but also impose technical upgrades for operators. Candidates should note its implications for telecom revenues, consumer protection, and advertising strategies.

**Source:** https://www.livemint.com/news/india/caller-name-display-mandatory-from-november-1-how-indias-new-cnap-rule-will-work-11792083819949.html

*Paytm Founder Demands Nationwide Power-Bank Ban After Scary Flight Fire!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Paytm founder Vijay Shekhar Sharma has called for a ban on power banks on flights to and from India after a fire incident aboard an IndiGo aircraft.

**Detailed analysis:**

If adopted, the ban could affect e-commerce logistics, airport retail, and consumer electronics sales, prompting firms to seek alternative charging solutions. Aspirants must gauge regulatory risk and its ripple effect on ancillary industries.

**Source:** https://www.livemint.com/news/india/paytms-vijay-shekhar-sharma-calls-for-power-bank-ban-on-flights-after-indigo-fire-incident-11792079827720.html

*China’s Meat & Dairy Boom Creates Global Surplus – Who’s Cashing In?*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

According to a report, China’s growing protein exports are helping large producers offset weak domestic demand while intensifying competition for established suppliers in Europe, Southeast Asia, Brazil and Thailand.

**Detailed analysis:**

China’s excess supply reshapes global trade flows, pressuring Indian meat and dairy exporters to improve competitiveness. Understanding these dynamics is crucial for questions on export-import policies and market diversification.

**Source:** https://www.livemint.com/news/world/why-china-is-producing-more-meat-and-dairy-than-it-can-eat-where-is-the-surplus-heading-11792070350861.html

*Tech Titans Nvidia & Apple Pour $25 Million Each into Trump’s White House Ball!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Nvidia and Apple have each pledged $25 million towards Trump's planned White House ballroom. Most of the donations came from companies and wealthy individuals with interests before the federal government, with half linked to firms holding federal contracts.

**Detailed analysis:**

High-profile corporate donations highlight the intersection of tech lobbying and political financing, raising governance concerns. For business exams, note the potential influence on federal contract awards and regulatory outlooks.

**Source:** https://www.livemint.com/news/us-news/nvidia-apple-among-donors-to-trumps-400-million-white-house-ballroom-project-report-11792086478291.html

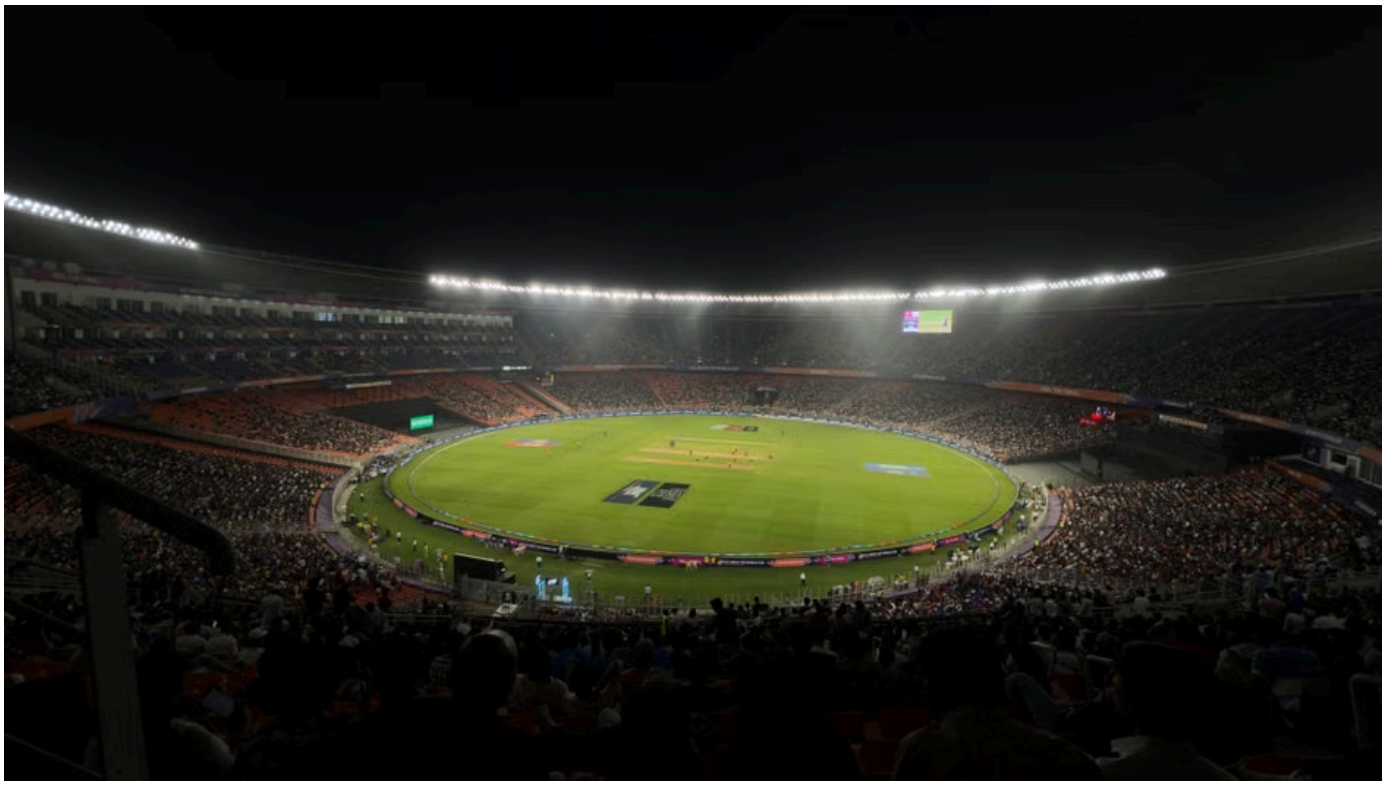
## — SPORTS —

*Modi Hails Asian Games Medals as Symbol of a Resurgent Superpower!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**



**Summary:**

The Prime Minister met the Asian Games medallists and lauded them for making the country’s 140 crore people proud

**Detailed analysis:**

Highlights government's recognition of sport achievements; useful for understanding India's soft power strategy and policy emphasis on sports in national development, a frequent topic in UPSC and state exams.

**Source:** https://www.hindustantimes.com/sports/others/pm-modi-medals-a-strong-representation-of-the-new-india-101792083542250.html

*Bombshell Report Exposes Shocking Injury Crisis Among India's Top Athletes!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Sports Ministry's Asiad review: Questions raised about injuries to key athletes

**Detailed analysis:**

Provides insight into administrative oversight and athlete welfare, a critical issue for sports policy questions in competitive exams and for understanding governance challenges.

**Source:** https://www.hindustantimes.com/sports/others/sports-ministry-s-asiad-review-questions-raised-about-injuries-to-key-athletes-101792061642864.html

*Historic Breakthrough: Vishvajit More Secures India's First Ever Greco-Roman Silver!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

He came agonisingly close to gold, losing 12–13 to Georgia’s Koba Karumidze in a nail-biting final.

**Detailed analysis:**

Marks a milestone in Indian wrestling, illustrating growth in lesser-known disciplines; relevant for sports history and achievement-based questions in exams.

**Source:** https://www.hindustantimes.com/sports/vishvajit-more-clinches-india-s-first-greco-roman-silver-at-under-23-world-wrestling-championships-101792052392220.html

*Cricket Frenzy! 98 Sixes in Four Matches – India Threatens Record Books!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

With 98 sixes in four matches, the ongoing series is threatening to rewrite records

**Detailed analysis:**

Shows India's offensive cricket strength and its impact on viewership; useful for sports economics and popular culture sections of exams.

**Source:** https://www.hindustantimes.com/sports/india-vs-west-indies-sixes-galore-as-series-pushes-for-record-101792074860832.html

*ISL Breaks Barriers: 52 Million Tune In, Women Spike to 22%!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

At 19.27m views, Monday’s match between Mohun Bagan-NorthEast United was most watched

**Detailed analysis:**

Indicates growing popularity of football in India and gender-inclusive viewership trends, pertinent for questions on sports development and media impact.

**Source:** https://www.hindustantimes.com/sports/football/52m-viewers-22-women-for-isl-s-first-round-101792081542212.html

*Minister Mandaviya Issues Stern Warning: End Federation Feuds or Face Sanctions!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

India won 85 medals at the Asian Games, after some misses, while some federations are mired in administrative battles

**Detailed analysis:**

Emphasizes governance reforms in sports bodies, a recurring theme in public administration and sports policy topics for civil service exams.

**Source:** https://www.hindustantimes.com/sports/others/think-big-stop-in-fighting-mandaviya-tells-sports-federations-101792081900414.html

## — SCIENCE —

*198-Year-Old Tortoise Holds the Secret to Immortality!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The Hindu's weekly Science for All newsletter explains all things Science, without the jargon.

**Detailed analysis:**

Jonathan's extraordinary lifespan offers a real-world case study on longevity, telomere maintenance, and metabolic slowdown—topics frequently examined in biology sections of government exams. Understanding the physiological adaptations of long-lived species can help aspirants answer questions on ageing mechanisms, comparative anatomy, and conservation biology.

**Source:** https://www.thehindu.com/sci-tech/science/in-this-weeks-science-for-all-newsletter-divya-gandhi-explains-the-secret-behind-the-longevity-of-the-198-year-old-giant-tortoise-jonathan/article71574170.ece

## — HEALTH —

*India’s AI-MedTech Rules: Is the Government Ready for Robot Doctors?*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

While the CDSCO’s July 2026 guidelines on software and AI use in medical devices address some important issues, what India needs is more than guidelines: it needs a clear, statutory framework that is law

**Detailed analysis:**

The article highlights the gap between interim CDSCO guidelines and a permanent legislative framework for AI-based medical devices. For UPSC and state exams, candidates should note the role of CDSCO, upcoming statutory reforms, and the impact on innovation, patient safety, and regulatory compliance in the health sector.

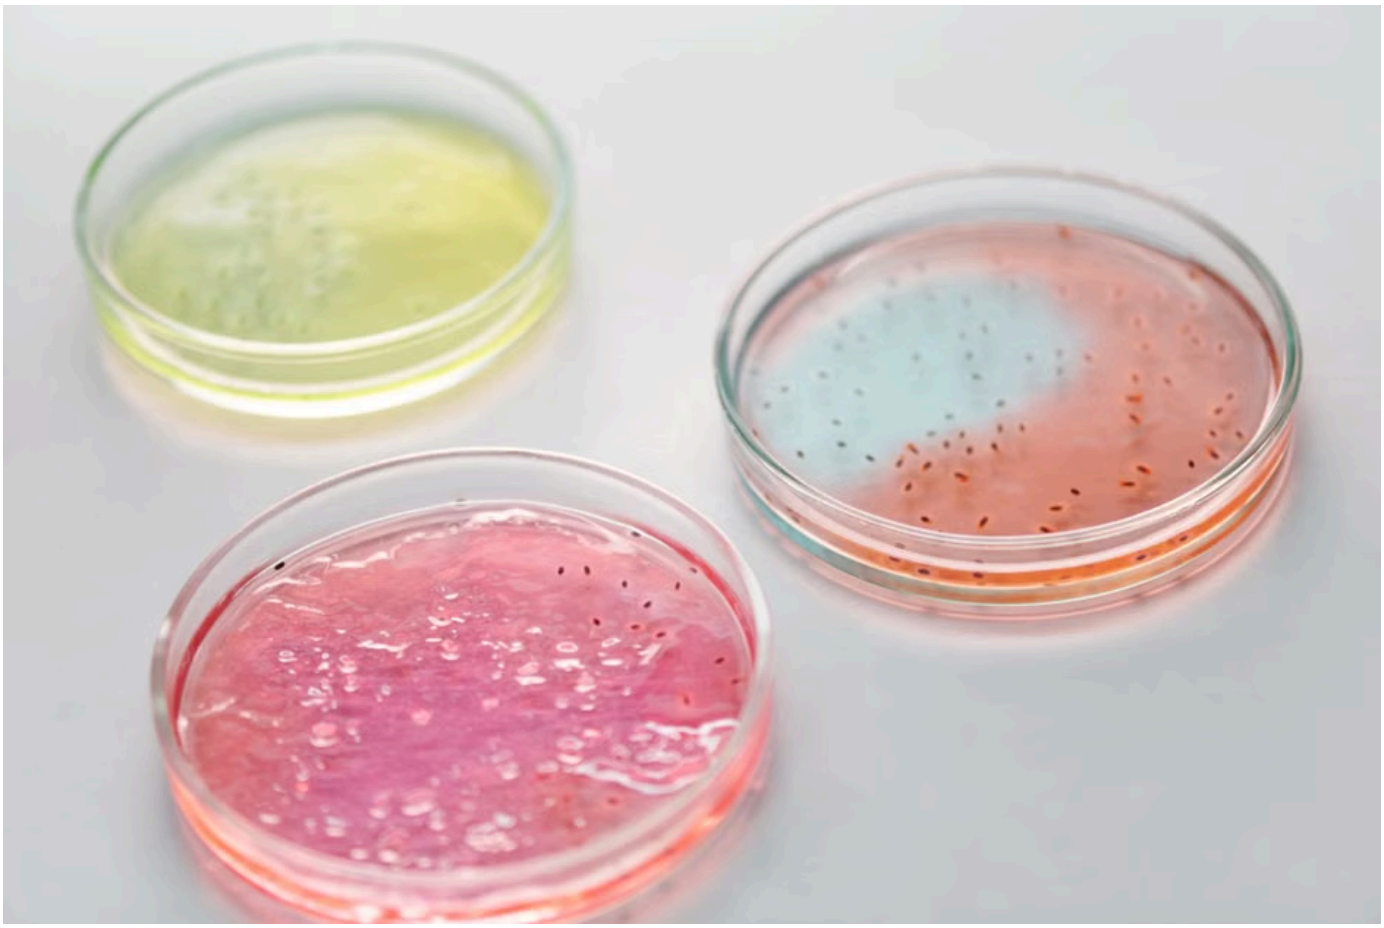
**Source:** https://www.thehindu.com/sci-tech/health/how-is-ai-medtech-in-india-regulated/article71559283.ece

*COVID’s Hidden Attack: Your Mouth’s Microbes Turn Against You!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**



**Summary:**

The results also revealed differences linked to specific symptoms, including reduced lung function, in which the lungs cannot hold as much air as normal or air cannot flow in and out as easily

**Detailed analysis:**

Understanding post-COVID sequelae is crucial for public-health policy and clinical management. The study links dysbiosis to respiratory symptoms, a topic that may appear in preventive-medicine sections of medical and civil-service exams.

**Source:** https://www.thehindu.com/sci-tech/health/long-covid-may-impact-bacteria-in-mouth-lungs-study/article71588268.ece

*Menopause Shock: Women May Hit a Hormonal Cliff-Dive!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The researchers said that such large datasets are rarely used in menopause research because they generally lack information about the age at which women had their last period

**Detailed analysis:**

The finding challenges the traditional view of a gradual transition, emphasizing the need for targeted health-care interventions for mid-life women. Relevant for gender-health modules and demography papers in exams.

**Source:** https://www.thehindu.com/sci-tech/health/menopause-not-gradual-body-might-experience-a-physiological-cliff-around-last-period-study/article71588229.ece

*Lung Cancer Alert: The Silent Killer Behind the Most Common Tumor*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Pope Leo XIV’s diagnosis has brought attention to lung adenocarcinoma, the most common type of lung cancer. Here is a closer look at the disease, its risk factors, symptoms and treatment

**Detailed analysis:**

Lung adenocarcinoma remains a top-ranked oncology topic for medical, nursing and public-health examinations. The article covers etiology, clinical features, and treatment modalities useful for answer-writing.

**Source:** https://www.thehindu.com/sci-tech/health/all-you-need-to-know-about-lung-adenocarcinoma/article71587143.ece

*Measles Surge: Kerala Battles a Deadly Outbreak!*

**Image 1 (Real):**

**Image 2 (Pexels):**

**Summary:**

Officials say preventive measures will be strengthened and vaccination coverage expanded with the help of other government departments in the coming days

**Detailed analysis:**

The outbreak underscores the importance of vaccination drives, surveillance, and inter-departmental coordination—key themes in public-health sections of competitive exams.

**Source:** https://www.thehindu.com/news/national/kerala/161-confirmed-measles-cases-one-death-reported-in-kozhikode/article71584496.ece

*Blood Bank Scandal: Gifts for Donations Lead to License Revoked!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Two blood centres appealed the suspension before the State Government and secured temporary stays

**Detailed analysis:**

The incident highlights ethical breaches and regulatory oversight in the blood-bank sector, relevant for questions on health-law, ethics, and governance in civil-service exams.

**Source:** https://www.thehindu.com/news/cities/mumbai/licences-of-three-mumbai-blood-banks-suspended-for-offering-gifts/article71584515.ece

## — EDUCATION —

*Delhi University launches high-tech PG-tracking portal after deadly dorm collapse!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The database will serve as a repository for the university to engage with relevant authorities, including the Municipal Corporation of Delhi.

**Detailed analysis:**

Highlights safety and welfare measures for student hostels – a crucial policy issue for UPSC aspirants on education and urban governance. Shows how institutions can use data systems to prevent tragedies, relevant for questions on disaster management and public-private coordination.

**Source:** https://www.hindustantimes.com/education/satya-niketan-building-collapse-delhi-university-students-pg-101792049088539.html

*AI-crafted exams could replace paper tests – Nilekani warns of a digital revolution in assessment!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Who writes the papers, where they are printed and how computer tests vary across countries – as India weighs exam reforms after NEET-UG leak.

**Detailed analysis:**

Directly relevant to exam reforms, AI in education, and security of high-stakes tests—key topics for UPSC and state civil services. Provides comparative insights (China, prisons) useful for essay questions on technology governance and integrity of public examinations.

**Source:** https://www.hindustantimes.com/ht-explainers/nilekani-suggests-ai-made-exams-china-prints-papers-in-prisons-other-countries-use-question-banks-to-stop-leaks-101792036273134.html

*Massive online witch-hunt targets Asians after false US rape accusations!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Online 'witch hunt' sweeps up Asians misidentified as US rape accused

**Detailed analysis:**

Illustrates the dangers of misinformation and digital harassment—pertinent to topics on media regulation, cyber law, and social harmony, all part of the General Studies syllabus. Highlights the need for robust digital governance, a frequent UPSC interview theme.

**Source:** https://www.hindustantimes.com/education/news/online-witch-hunt-sweeps-up-asians-misidentified-as-us-rape-accused-101792030376190.html

## — ECONOMY —

*IT Giants Surge Rs 82,500 Cr in Just 72 Hours – Is This the Next Big Bubble?*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Indian IT stocks have rebounded sharply. The Nifty IT index has risen 8%, adding Rs 82,500 crore to the sector's market capitalisation. The rebound follows a selloff in global AI-linked stocks driven by concerns over stretched valuations, concentration risks and uncertain returns on heavy AI investments.

**Detailed analysis:**

Exam takers should note the volatility in the IT sector tied to AI hype. The rapid Rs 82,500 cr market-cap gain shows how policy cues and global sentiment can swing Indian equity indices, a typical question in current affairs and economics sections.

**Source:** https://economictimes.indiatimes.com/markets/stocks/news/rs-82500-crore-rally-in-3-days-why-tcs-hcl-tech-other-it-stocks-jumped-up-to-12-in-3-days-and-will-the-boom-last/articleshow/134959977.cms

*Privatisation Shock: IDBI Shares Crash 7% After Cabinet Greenlights $6.5 bn Fairfax Deal!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

IDBI Bank shares plunged as investors booked profits after a nearly 13% rally in the previous session following the Cabinet's approval of Fairfax's acquisition of a 60.72% stake in the lender. The stock had hit Rs 93.60 on Wednesday, lifting its market capitalisation above Rs 1 lakh crore. The Rs 52,878 crore deal marks a major step in IDBI Bank's long-awaited privatisation, with Fairfax's bid of Rs 81 per share exceeding the independent valuers' average fair value of Rs 75.99.

**Detailed analysis:**

Highlights the government's move towards banking sector privatisation, a frequent UPSC topic. Candidates should understand how cabinet approvals affect stock sentiment and the valuation metrics used in large-scale acquisitions.

**Source:** https://economictimes.indiatimes.com/markets/stocks/news/idbi-bank-shares-fall-7-as-investors-book-profit-after-fairfax-deal-gets-cabinet-nod/articleshow/134959588.cms

*Jio IPO Set to Shatter Records – Could Raise Over Rs 30,000 Cr in One Go!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Shares of Reliance Industries rose 3% after Jio Platforms announced its IPO, comprising 27 crore new shares anticipated to garner Rs 30,213 crore. With 35% of shares earmarked for retail investors and a cut-off date of October 14 for current shareholders, Jio Platforms is primed to enhance its foothold in the consumer tech and digital infrastructure sectors.

**Detailed analysis:**

The Jio IPO is a case study in capital market mobilisation and retail participation, relevant for banking and financial awareness sections of competitive exams. Note the size, allocation pattern, and strategic intent behind the listing.

**Source:** https://economictimes.indiatimes.com/markets/stocks/news/reliance-industries-shares-in-focus-as-jio-ipo-sets-price-band-for-possibly-biggest-ever-issue-what-shareholders-must-know/articleshow/134956157.cms

*Government Grants Massive 30-Day Bonus – Up to ₹6,908 Hits Every Civil Servant!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The Centre has approved a 30-day ad-hoc bonus for eligible Central government employees for 2025-26. The payout can reach ₹6,908 under the ₹7,000 monthly calculation ceiling, with pro-rata payments for shorter service and separate eligibility rules for casual labourers.

**Detailed analysis:**

Understanding ad-hoc bonuses, eligibility criteria, and calculation methods is essential for banking, public administration and current affairs papers. It illustrates how fiscal decisions directly affect government payroll.

**Source:** https://www.livemint.com/money/personal-finance/centre-approves-30-day-bonus-for-government-employees-check-eligibility-6-908-payout-and-service-rules-11792087560806.html

*Freelancers Beware! New FEMA Norms Could Clamp Down on Your Overseas Earnings!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

The reporting mechanism could help authorities identify suspicious transactions, including instances where services are falsely declared to move money across borders.

**Detailed analysis:**

The updated FEMA guidelines affect cross-border remittances and the gig economy, a growing focus in economic policy questions. Candidates should grasp reporting thresholds and compliance obligations for individuals and firms.

**Source:** https://www.livemint.com/money/personal-finance/rbi-edf-rules-freelancers-overseas-payments-11792046295710.html

*Gold Set to Hit All-Time Highs – Analysts Predict Record Peaks in Just 24 Months!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

For now, investors see continued central bank buying and demand for safe-haven assets as key supports for bullion. However, predictions of fresh record highs remain forecasts rather than guarantees.

**Detailed analysis:**

Gold’s trajectory reflects macro-economic trends like inflation, currency volatility, and central bank policies – common topics in economics sections of competitive exams. Understanding these drivers helps answer price-movement questions.

**Source:** https://www.livemint.com/money/personal-finance/gold-price-forecast-why-investors-expect-record-highs-within-2-years-11792080726706.html

## — ENVIRONMENT —

*India’s Weather Radar Crisis: Land Crunch Halts Rain-Gauge Rollout!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

Project is a year behind deadline, with over 96% of planned rain gauges and weather stations yet to be installed; private partners say IMD is retrospectively insisting that sensors be installed on the ground, not on rooftops

**Detailed analysis:**

The delay hampers real-time rainfall data crucial for crop advisories and flood forecasting. UPSC often asks about the role of IMD, agrarian distress and infrastructure bottlenecks in disaster management.

*Monsoon Pulls Back Nationwide: Rainfall 12% Below Normal!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

This year's southwest monsoon ended with 759.4 mm of rain, 12.6% below the normal of 868.6 mm according to the IMD

**Detailed analysis:**

Below-normal monsoon impacts agriculture, water tables and power generation. UPSC may probe trends in monsoon variability, climate change implications and mitigation strategies.

*Tiger Trails: Inside the Changing Safari Scene of Bandhavgarh!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

We step into Madhya Pradesh's Bandhavgarh forests to see tigers. We come back with a grand sighting, lessons on ecology and responsible tiger tourism.

**Detailed analysis:**

Shows the balance between wildlife tourism and tiger conservation. Relevant for questions on sustainable tourism, human-wildlife conflict and Project Tiger.

**Source:** https://www.thehindu.com/sci-tech/energy-and-environment/inside-bandhavgarhs-forests-the-evolving-nature-of-tiger-tourism/article71528124.ece

*Green Humor: The Quirky Side of Compensatory Afforestation!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

**Detailed analysis:**

Discusses the policy of compensatory afforestation, its legal basis and practical challenges. Important for forest-related questions on the Forest Conservation Act and afforestation targets.

**Source:** https://www.thehindu.com/sci-tech/energy-and-environment/on-compensatory-afforestation-green-humour-by-rohan-chakravarty/article71574158.ece

*Scientists Invent Quick Test to Flag Climate-Vulnerable Mammals!*

**Image 1 (Real):**

Original Image

**Image 2 (Pexels):**

**Summary:**

A team of scientists in Argentina and Brazil scored the adaptability of nine rodent species on three parameters, suggesting the method can be used for other animals in other parts of the world.

**Detailed analysis:**

Introduces a scalable tool for assessing species' climate resilience—a topic likely to appear in biodiversity and climate change sections of the exam.

**Source:** https://www.thehindu.com/sci-tech/energy-and-environment/new-study-proposes-simple-test-to-spot-mammals-most-vulnerable-to-climate/article71587719.ece
