

India's New Supreme Court Boss: Justice Surya Kant Takes the Helm!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

President Droupadi Murmu has appointed Justice Surya Kant as the next Chief Justice of India (CJI). He will assume office after CJI Bhushan Ramkrishna Gavai retires on November 23 and will serve for 15 months.

Detailed analysis:

The appointment of a new CJI is a key event for the judiciary and can influence major legal reforms and Supreme Court judgments. Aspirants should note the timeline and the role of the President and Law Minister in the selection process.

Source: <https://www.indiatvnews.com/news/india/justice-surya-kant-appointed-next-chief-justice-of-india-to-take-charge-on-november-24-latest-updates-2025-10-30-1015114>

Hostage Horror Ends: Gun-Battle Leaves Terrorist Dead, Kids Freed!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Rohit Arya, the man accused of taking 17 children hostage in Mumbai's Powai area, died after being injured in an exchange of gunfire with police.

Detailed analysis:

The incident underscores the challenges of urban security and police response to armed hostage situations. It also highlights the importance of rapid crisis management, a topic frequently asked in police and administrative services exams.

Source: <https://www.ndtv.com/india-news/mumbai-hostage-taker-rohit-arya-dies-of-bullet-injuries-after-stand-off-9545443#publisher=newsstand>

Cyclone Montha Ravages Andhra: Death Toll Rises, Millions Flee!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Three people have been reported dead in Andhra Pradesh after Cyclone Montha made landfall. Chief Minister Chandrababu Naidu announced a financial aid of Rs 5 lakh for each victim's family.

Detailed analysis:

Natural disasters like cyclones have direct impact on human life, migration, and government relief policies. Understanding disaster management measures is essential for UPSC and state service prelims.

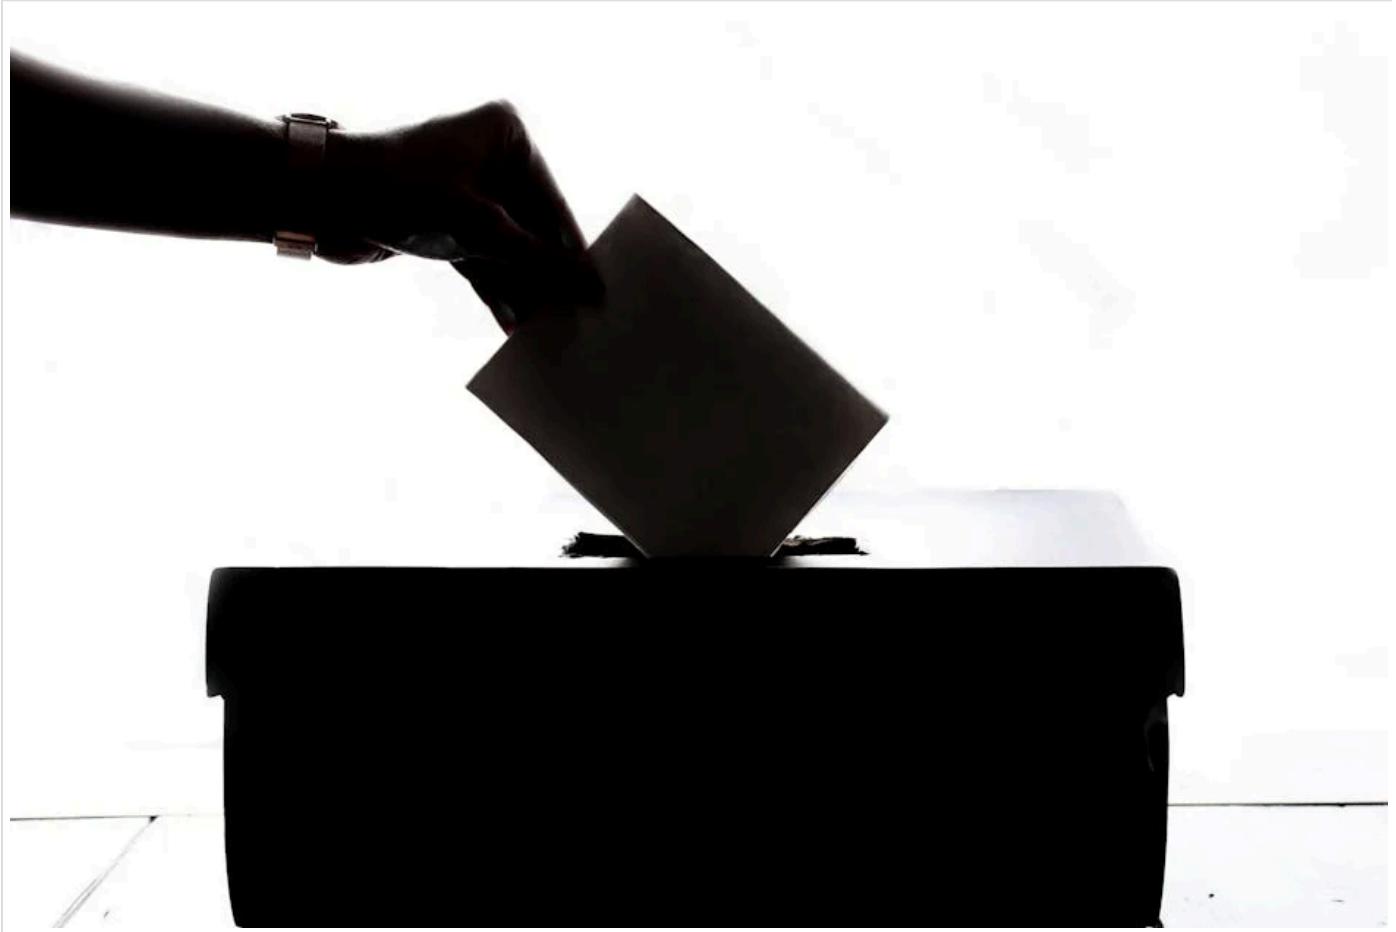

Source: <https://www.ndtv.com/india-news/3-killed-over-1-lakh-displaced-after-cyclone-montha-in-andhra-pradesh-9546226#publisher=newsstand>

Bihar Election Shake-up: Voter List Clean-up Could Flip 100 Seats!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A constituency-wise analysis of Bihar's Special Summary Revision data shows a statewide average drop of 4.88% in the number of registered voters, potentially affecting more than 100 assembly seats.

Detailed analysis:

Voter roll revisions can alter electoral demographics, impacting party strategies and seat projections. This is a classic example of electoral dynamics often examined in political science sections of competitive exams.

Source: <https://www.ndtv.com/india-news/voter-roll-revision-may-influence-over-100-seats-in-bihar-assembly-polls-9545815#publisher=newsstand>

Strategic Win: India Gets Sanction-Free Pass for Iran's Chabahar Port!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

American sanctions will not apply to India's operations at Iran's Chabahar Port for six months, as confirmed by the Ministry of External Affairs.

Detailed analysis:

The exemption highlights India's geopolitical balancing act between the US and Iran, and its focus on securing trade routes. Such diplomatic moves are pertinent for international relations questions in exams.

Source: <https://www.ndtv.com/world-news/india-confirms-6-month-exemption-from-us-sanctions-on-irans-chabahar-port-9544329#publisher=newsstand>

No-Internet Caller ID: India's New Phone Safety Feature Launches!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

 Pexels Image

Summary:

India is set to launch an official caller ID system that will flash the registered name of the caller on the screen the moment the phone rings, without requiring internet connectivity.

Detailed analysis:

The initiative reflects the government's push for telecom security and consumer protection, topics frequently covered under technology and governance in UPSC prelims.

Source: <https://www.ndtv.com/india-news/phones-to-get-verified-caller-id-system-soon-no-internet-needed-9544203#publisher=newsstand>

Lebanon Erupts as Israeli Forces Strike Municipal Office!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Lebanese President Joseph Aoun said he had requested the Lebanese army to “confront any Israeli incursion” into southern Lebanon “in defense of Lebanese lands and the safety of citizens,” although it was not clear what form that confrontation would take.

Detailed analysis:

Shows escalating Israel-Lebanon border tensions; relevant for understanding regional security dynamics and India's diplomatic posture toward Middle-East conflicts.

Source: <https://www.thehindu.com/news/international/israeli-raid-in-southern-lebanon-kills-municipal-employee-sparking-protests/article70221427.ece>

Ukraine's Lights Flicker as Russia Unleashes Drone Swarm!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Russian launched more than 650 drones and more than 50 missiles of various types in the attack, Ukraine President Volodymyr Zelenskyy said.

Detailed analysis:

Illustrates modern hybrid warfare—use of drones and missiles against civilian infrastructure—key for security studies and energy-policy questions in exams.

Source: <https://www.thehindu.com/news/international/russia-blasts-ukraine-power-grid-kill-people/article70220932.ece>

World Health Org Warns: 460 Dead in Sudan Maternity Horror!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Accusations of mass killings have mounted, with the World Health Organization (WHO) condemning reports that 460 people were killed at the Saudi Maternity Hospital, the last partially functional hospital in El-Fasher.

Detailed analysis:

Highlights UN humanitarian interventions and the impact of conflict on civilian health—important for international relations and human rights sections of the syllabus.

Source: <https://www.thehindu.com/news/international/un-calls-for-end-to-sudan-siege-after-over-460-people-were-killed-at-maternity-hospital/article70219743.ece>

Caribbean Catastrophe: Hurricane Melissa Leaves Trail of Death!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Hurricane Melissa has battered the Caribbean, killing at least 30 people and leaving parts of Haiti, Jamaica, and Cuba in ruins. Thousands were displaced as floods, landslides, and fierce winds caused widespread devastation.

Detailed analysis:

Demonstrates climate-induced disasters, their socio-economic toll and the need for disaster-risk management—a frequent topic in geography and environment papers.

Source: <https://www.thehindu.com/videos/watch-hurricane-melissa-causes-massive-destruction-in-the-caribbean/article70220376.ece>

Vietnam Drowning: River Hits 60-Year High, Ten Dead!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The Thu Bon River reached its highest level in six decades after record rainfall battered provinces including Hoi An and Hue. Officials warned of mounting losses as rescue efforts continued.

Detailed analysis:

Provides a case study on extreme rainfall events, flood mitigation, and governmental response—relevant for environmental science and disaster-management sections.

Source: <https://www.thehindu.com/videos/watch-vietnam-reels-from-deadly-floods-as-river-hits-60-year-high/article70220366.ece>

Putin Boasts Encirclement of Two Ukrainian Cities – Kyiv Denies!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Putin claimed Ukrainian troops are encircled in Pokrovsk, a key Ukrainian stronghold in the eastern Donetsk region, and in Kupiansk, an important rail junction in the northeastern Kharkiv region.

Detailed analysis:

Shows information warfare and propaganda in the Russia-Ukraine conflict; essential for understanding media narratives and strategic communication in geopolitics.

Source: <https://www.thehindu.com/news/international/putin-claims-russian-troops-have-surrounded-2-ukrainian-cities-but-ukraine-says-thats-not-true/article70219620.ece>

Trump Claims China Will Flood US Markets with Farm Goods After Xi Summit!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Trump said he had a “truly great meeting” with Chinese President Xi Jinping, calling it a breakthrough that strengthened bilateral ties. Trump claimed China agreed to resume large-scale purchases of US farm goods, oil, and gas, while pledging cooperation on rare earth exports and fentanyl control.

Detailed analysis:

For UPSC and banking exams, note the political angle: a US-China accord on agricultural imports can shift global soybean and wheat demand, indirectly affecting Indian agribusiness and commodity markets. The mention of rare-earths highlights strategic competition that may influence India’s own mineral policies.

Source: <https://www.livemint.com/news/us-news/trump-hails-great-meeting-with-xi-says-china-to-restart-us-farm-products-explore-alaska-energy-deal-act-on-fentanyl-11761833271607.html>

Trump Promises Soybean Bonanza as China Opens Its Barns!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Donald Trump told reporters that China would begin buying immediately, though he offered no specifics on the size of the soybean purchases or timing.

Detailed analysis:

A bullish claim on Chinese soybean demand can lift global soybean futures, influencing Indian soybean growers and feed-stock prices. Aspirants should link such statements to trade-policy volatility and its impact on the Indian agricultural export basket.

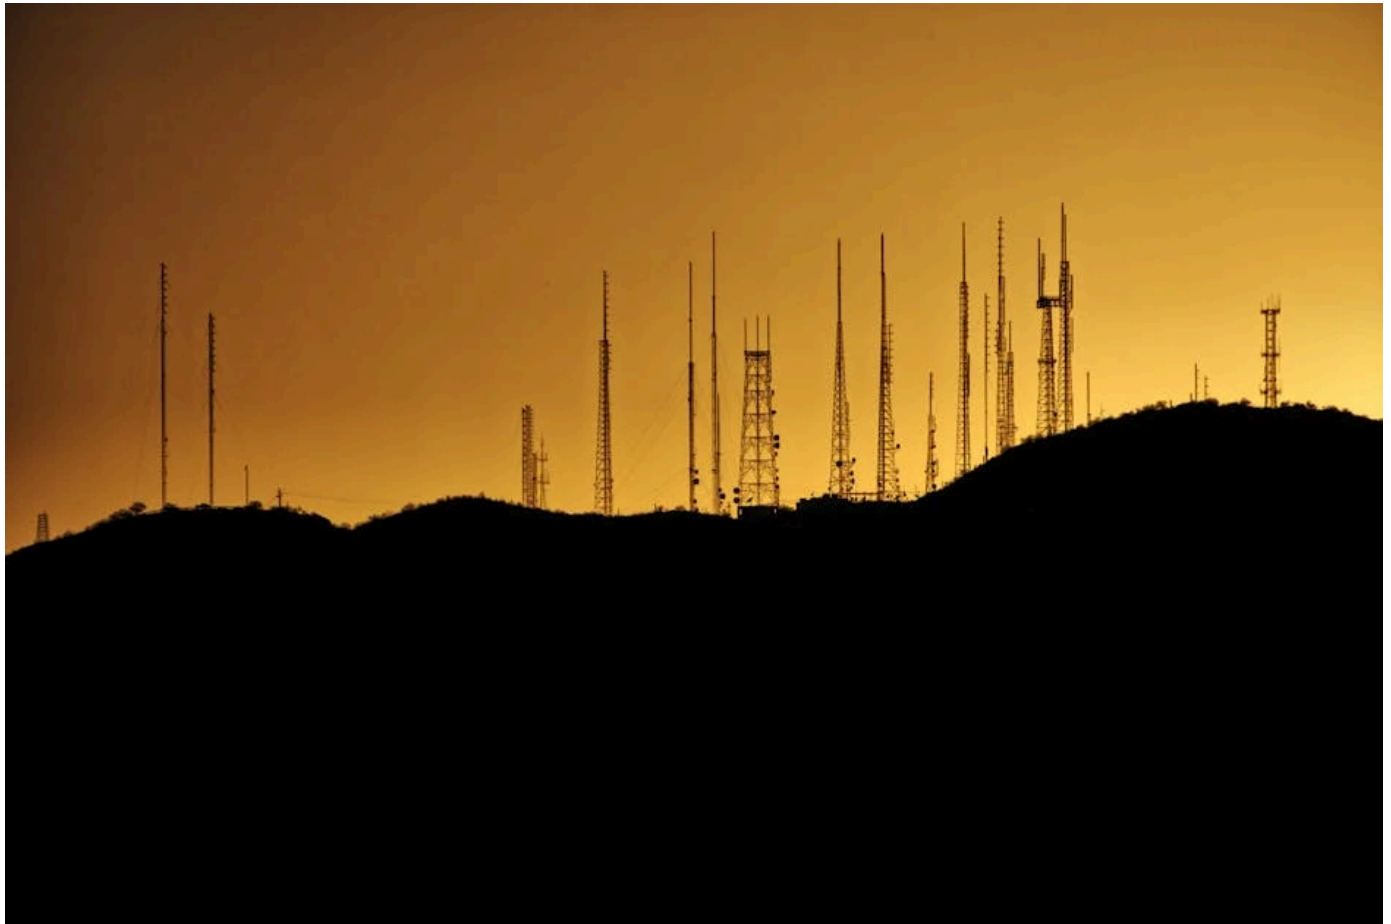

Source: <https://www.livemint.com/news/us-news/trump-sows-soybean-hopes-after-meeting-xi-jinping-claims-china-to-buy-tremendous-amounts-11761828914301.html>

BSNL's 4G Surge Catapults Revenue per User by 12%!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Data from the Telecom Regulatory Authority of India shows BSNL pipped Bharti Airtel to add subscribers for the two straight months—August and September.

Detailed analysis:

The telecom sector's growth metrics are crucial for banking and UPSC prelims. BSNL's 4G rollout improving ARPU signals competitive pressure on private players and may affect future spectrum auctions and capital allocation in the sector.

Source: <https://www.livemint.com/news/4g-launch-bsnl-q2-arpu-mobile-users-telecom-revenue-communications-reliance-jio-bharti-airtel-vodafone-idea-11761822146223.html>

India Pushes for Bilateral Trade Accord as US Tensions Rise!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India-US trade talks: New Delhi continue to remain engaged with America to conclude trade deal, says MEA.

Detailed analysis:

A Bilateral Trade Agreement (BTA) would lower tariffs for Indian exports, especially textiles and pharmaceuticals. For exam takers, link this to India's 'Make in India' strategy and the impact on current-account balance.

Source: <https://www.livemint.com/news/india/indiaus-trade-talks-new-delhi-continues-remain-engaged-america-conclude-bilateral-agreement-mea-donald-trump-xi-china-11761819434570.html>

US Gives India Sanctions Break on Chabahar, Unlocking New Trade Route!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The United States has provided India with a six-month waiver on sanctions affecting the Iranian-controlled Chabahar port, allowing Indian commercial vessels to operate without penalty.

Detailed analysis:

Chabahar is a strategic gateway for trade with Afghanistan and Central Asia. The exemption can boost Indian logistics, lower transport costs for minerals, and enhance geopolitical leverage—key points for GS-2 and economic-policy questions.

Source: <https://www.livemint.com/news/world/us-grants-india-six-month-exemption-from-american-sanctions-on-chabahar-port-mea.html>

Finance Minister Seeks Gold Mine of Opportunities in Bhutan!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Finance minister Nirmala Sitharaman is on a four-day visit to Bhutan to enhance economic and financial cooperation.

Detailed analysis:

Bhutan-India ties focus on hydropower, tourism, and trade. For prelims, remember that Bhutan imports most of its electricity from India; deeper cooperation can translate into revenue streams for Indian power utilities and balance-of-payments benefits.

Source: <https://www.livemint.com/news/nirmala-sitharaman-bhutan-visit-economic-cooperation-financial-ties-11761830553797.html>

Millions at Stake! Blue Jays Poised to Pocket a Fortune After Epic Showdown!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The Blue Jays lead the Dodgers 3-2 in the World Series, chasing their first title since 1993, and a big MLB prize pool worth millions awaits the champions.

Detailed analysis:

Highlights the financial incentives in MLB championships, useful for understanding sport economics and prize distribution in exam questions on sports management.

Source: <https://www.hindustantimes.com/sports/us-sports/world-series-prize-money-how-much-will-blue-jays-take-home-after-win-vs-dodgers-101761822352129.html>

Blue Jays on the Edge of History: Could They Top the Dodgers in a Shock Finale?

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The Toronto Blue Jays are on the brink of sealing a stunning World Series win. Trey Yesavage and co beat the Los Angeles Dodgers 6-1 in Game 5

Detailed analysis:

Demonstrates the significance of clutch performance and its impact on national pride, relevant for sports psychology and leadership topics in competitive exams.

Source: <https://www.hindustantimes.com/sports/us-sports/toronto-blue-jays-yesavage-have-won-world-series-before-mighty-los-angeles-dodgers-on-brink-of-huge-upset-101761793540121.html>

Mavericks Mourn! Anthony Davis Cripples Dallas Lineup with Sudden Leg Injury!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Anthony Davis left the Dallas Mavericks' game against the Indiana Pacers mid-way on Wednesday night due to left lower leg soreness.

Detailed analysis:

Illustrates how player injuries can affect team dynamics and game outcomes, a key point for sports administration and injury management studies.

Source: <https://www.hindustantimes.com/sports/us-sports/anthony-davis-injury-update-mavericks-suffer-after-star-players-mid-game-exit-101761824701500.html>

World Chess Champion Carlsen Crushes Indian Prodigy in Dramatic Showdown!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Magnus Carlsen was asked about his first game against D Gukesh on day 2, where he won it on the black side of a Ruy Lopez.

Detailed analysis:

Shows elite-level competition and strategic depth in chess, pertinent to questions on sports strategy and international sporting relations.

Source: <https://www.hindustantimes.com/sports/others/magnus-carlsen-gets-norway-chess-revenge-against-d-gukesh-says-indian-gm-didnt-really-get-any-real-chances-101761788770060.html>

WNBA Stalls! 30-Day Extension Sparks Fierce Labor Battle!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

WNBA offers 30-day extension as CBA deadline looms, AP sources say

Detailed analysis:

Important for understanding labor negotiations, collective bargaining, and gender equity in professional sports—common exam topics.

Source: <https://www.hindustantimes.com/sports/us-sports/wnba-offers-30-day-extension-as-cba-deadline-looms-ap-sources-say-101761757534114.html>

Twin Turmoil! New Manager Derek Shelton Signs Blockbuster Deal!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Derek Shelton is set to be the Minnesota Twins' new manager. He takes the new job after a long stint with the Pittsburgh Pirates.

Detailed analysis:

Reflects managerial market value and contract negotiations in MLB, relevant for sports finance and career pathways in sports management studies.

Source: <https://www.hindustantimes.com/sports/us-sports/derek-sheltons-minnesota-twins-contract-could-be-huge-first-salary-details-on-big-mlb-move-out-101761780581290.html>

Offshore Wind to Skyrocket: 3-Fold Boom by 2030!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

In a rare climate success story, offshore wind is gaining global momentum, with Asia, Europe, and China driving a surge in capacity that could nearly meet climate targets by 2030, the Ember-GOWA report said.

Detailed analysis:

Highlights the rapid growth of renewable energy, a key topic for UPSC and state civil services. Shows policy shift towards offshore wind, useful for questions on energy security, climate commitments and international cooperation.

Source: <https://www.thehindu.com/sci-tech/energy-and-environment/offshore-wind-set-to-triple-by-2030-despite-us-slowdown-says-report/article70220720.ece>

Climate Money Crunch: Nations Need 12× More Cash!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

UN analysis says developing countries will need at least \$310 billion annually for adaptation by 2035; they only got \$26 billion in 2023; warns that a rising proportion of climate funds comes as expensive debt.

Detailed analysis:

Essential for understanding finance gaps in global climate negotiations. Relevant for questions on international climate funds, adaptation budgeting and the role of debt in sustainable development.

Source: <https://www.thehindu.com/sci-tech/energy-and-environment/developing-countries-need-12-times-more-funds-than-currently-available-to-tackle-climate-crisis/article70217560.ece>

Magnetic Waves Unmask Sun's Fiery Secret!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A recent study proposes that magnetic waves traveling through the Sun's corona transport energy that heats the outer atmosphere to millions of degrees, offering a plausible solution to the long-standing coronal heating problem.

Detailed analysis:

Connects astrophysics with fundamental physics concepts often asked in science optional papers. Useful for questions on solar physics, energy transfer mechanisms and recent research breakthroughs.

Source: <https://indianexpress.com/article/technology/science/magnetic-waves-may-explain-the-suns-super-hot-atmosphere-new-study-finds-10336029/>

Comet 3I ATLAS Blazes Closest Approach to Sun!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

NASA plans to observe comet 3I/ATLAS as it reaches its perihelion, the nearest point to the Sun, where intense solar heating is expected to trigger maximum outgassing, offering a rare chance to study cometary composition.

Detailed analysis:

Illustrates real-time space missions and solar-comet interactions, relevant for astronomy sections of competitive exams. Emphasizes observation techniques, perihelion effects and international collaboration in space science.

Source: <https://indianexpress.com/article/technology/science/comet-3i-atlas-to-reach-closest-point-to-the-sun-today-nasa-to-monitor-peak-outgassing-activity-10335563/>

Scorching Fields Turn Farmers' Kidneys into Time Bombs!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A state-wide study in Tamil Nadu reveals how rising temperatures and long work hours are quietly damaging the kidneys of farm workers.

Detailed analysis:

Highlights occupational kidney disease linked to climate change, a key topic for public-health and environmental sections of UPSC and state civil services exams.

Source: <https://www.thehindu.com/sci-tech/health/study-reveals-heat-linked-kidney-strain-among-tamil-nadus-agricultural-workers/article70220409.ece>

Dubai-Returning Man Brings Exotic Fever to Kerala!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

According to official figures, around thousand scrub typhus cases are reported each year in Kerala, 70% of which are from Thiruvananthapuram and the rest are from Kozhikode, Wayanad, Idukki and Kollam.

Detailed analysis:

Emphasises emerging zoonotic infections, surveillance and travel-related disease spread—important for epidemiology and preventive medicine questions.

Source: <https://www.thehindu.com/news/national/kerala/researchers-from-kerala-identify-rare-scrub-typhus-case-in-dubai-returned-man-from-thiruvananthapuram/article70221033.ece>

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The website – ntf.education.gov.in – will serve as a platform to collect different perspectives from college students, parents, faculty, mental health service providers, and institutions.

Detailed analysis:

Shows policy initiative on student mental health, relevant for questions on health governance, medical education reforms and mental-health programmes in India.

Source: <https://www.thehindu.com/news/national/nmc-urges-medical-colleges-to-join-survey-to-assess-mental-health-of-students/article70221395.ece>

Sleep-Deprived Brain Dumps Waste on Your Concentration!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The researchers proposed that when the brain is sleep-deprived, it begins to compensate for the loss in cleansing that normally occurs during sleep, possibly at the cost of attention.

Detailed analysis:

Connects sleep physiology, glymphatic clearance and cognitive performance—topics frequently asked in neuro-biology and public-health sections of exams.

Source: <https://www.thehindu.com/sci-tech/health/inability-to-pay-attention-when-sleep-deprived-could-be-brain-wanting-to-clear-waste-study-suggests/article70221417.ece>

India Faces Dual Health Disaster: Heart Attacks & Mental Meltdown!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The collaborative research indicates India is experiencing a ‘double burden’ with an explosion of lifestyle disorders while infectious diseases persist in some regions.

Detailed analysis:

Provides data for NCD burden, lifestyle disease trends and mental-health load—core for public-health, policy-making and economics modules of competitive exams.

Source: <https://www.thehindu.com/sci-tech/health/global-study-flags-cardiovascular-crisis-mental-health-challenge-for-india/article70216848.ece>

Sneaky Bacterium Sparks Childhood Chest Infection Surge in North India!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The most significant increase was recorded in 2023, predominantly among children aged 5-10 years in northern India, the statement said.

Detailed analysis:

Highlights emerging bacterial pathogen, pediatric respiratory disease trends, and the need for updated antimicrobial policies—useful for microbiology and community-medicine sections.

Source: <https://www.thehindu.com/sci-tech/health/pgimer-study-flags-rise-in-chest-infections-due-to-lesser-known-bacterium-in-north-india/article70221133.ece>

Motilal Oswal's Earnings Tank 68% – Investors Shocked as Profits Dive!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Motilal Oswal Financial Services reported a 68% YoY decline in consolidated profit to ₹362 crore, while revenue fell 35% to ₹1,849 crore. However, asset management and private wealth units posted strong double-digit growth, lifting AUM to ₹1.77 lakh crore.

Detailed analysis:

The sharp profit dip reflects pressure on brokerage margins amid a slowdown in market activity. For exam takers, note the contrast between the overall profit fall and the double-digit growth in wealth-management, indicating diversification can buffer earnings volatility.

Source: <https://economictimes.indiatimes.com/markets/stocks/earnings/motilal-oswal-q2-results-profit-plunges-68-yoy-to-rs-362-crore-revenue-down-35/articleshow/124958170.cms>

Canara Bank's Profit Surge Rockets Shares to 52-Week High!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Canara Bank shares surged 4% to a 52-week high after reporting a 19% YoY rise in Q2 FY26 net profit to ₹4,774 crore. Asset quality improved sharply, with GNPA falling to 2.35% and credit cost easing to 0.68%, reflecting strong operational efficiency and credit discipline.

Detailed analysis:

A notable profit jump and better asset quality signal healthy banking fundamentals. Aspirants should remember GNPA and credit cost as key health metrics for Indian banks in exams.

Source: <https://economictimes.indiatimes.com/markets/stocks/news/canara-bank-shares-rise-4-hit-52-week-high-as-q2-net-profit-jumps-19-to-rs-4774-crore/articleshow/124945962.cms>

Fintech Giant Groww Poised for a 5,000% IPO Bonanza!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Early backers of online brokerage Groww are set to realize substantial gains from its upcoming IPO, with investors like Peak XV Partners and Y Combinator collectively pocketing around Rs 4,340 crore. The fintech giant is preparing for one of India's most anticipated public offerings, aiming for an \$8 billion valuation.

Detailed analysis:

Groww's valuation underscores the premium placed on digital brokerage platforms. For exams, focus on the concept of "unicorn" status, IPO pricing, and the impact of high-growth fintech on capital markets.

Source: <https://economictimes.indiatimes.com/markets/stocks/news/groww-ipo-promoters-to-pocket-rs-40-crore-set-for-up-to-4950-windfall-as-fintech-unicorn-readies-for-listing/articleshow/124938092.cms>

Gold ETFs Skyrocket 53% – Investors Face a Profit-Taking Frenzy!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Gold ETFs have surged over 53% in 2025, prompting investors to consider profit-booking. Experts advise viewing gold as a hedge against inflation and uncertainty, recommending partial profit-taking for allocations exceeding 8-10% of a portfolio. Recent price dips are seen as short-term volatility rather than a trend reversal.

Detailed analysis:

The massive rally highlights gold's role as an inflation hedge. Exam candidates should note the recommended allocation limits and the rationale for partial profit-taking in volatile markets.

Ancient Ziggurat of Ur under siege as climate-driven sand dunes swallow heritage!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Sand dunes are causing the deterioration of the northern side of the majestic Ziggurat of Ur.

Detailed analysis:

Links climate change impacts with cultural heritage – useful for interdisciplinary questions on environmental degradation and preservation.

Source: <https://www.thehindu.com/sci-tech/energy-and-environment/cradle-of-civilisation-at-risk-of-erosion-in-iraq-due-to-climate-change/article70221334.ece>

Climate fund crisis: Developing nations starve for \$310 bn a year, while donors lag far behind!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

UN analysis says developing countries will need at least \$310 billion annually for adaptation by 2035; they only got \$26 billion in 2023; warns that a rising proportion of climate funds comes as expensive debt.

Detailed analysis:

Crucial for questions on international climate finance, adaptation funding, and the implications of debt-laden climate aid for developing economies.

Source: <https://www.thehindu.com/sci-tech/energy-and-environment/developing-countries-need-12-times-more-funds-than-currently-available-to-tackle-climate-crisis/article70217560.ece>

Deserted Indian lands get a sunny makeover – solar farms sprout on erstwhile wastelands!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Detailed analysis:

Highlights government push for solar capacity expansion on marginal lands – pertinent for renewable energy targets, land-use policy, and sustainable development discussions.
