

Maharashtra's Massive Municipal Elections Set to Redraw Local Power Maps on Dec 2!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Elections in 246 municipal councils and 42 nagar panchayats in Maharashtra will be held on December 2, with vote counting on December 3, according to State Election Commissioner Dinesh Waghmare.

Detailed analysis:

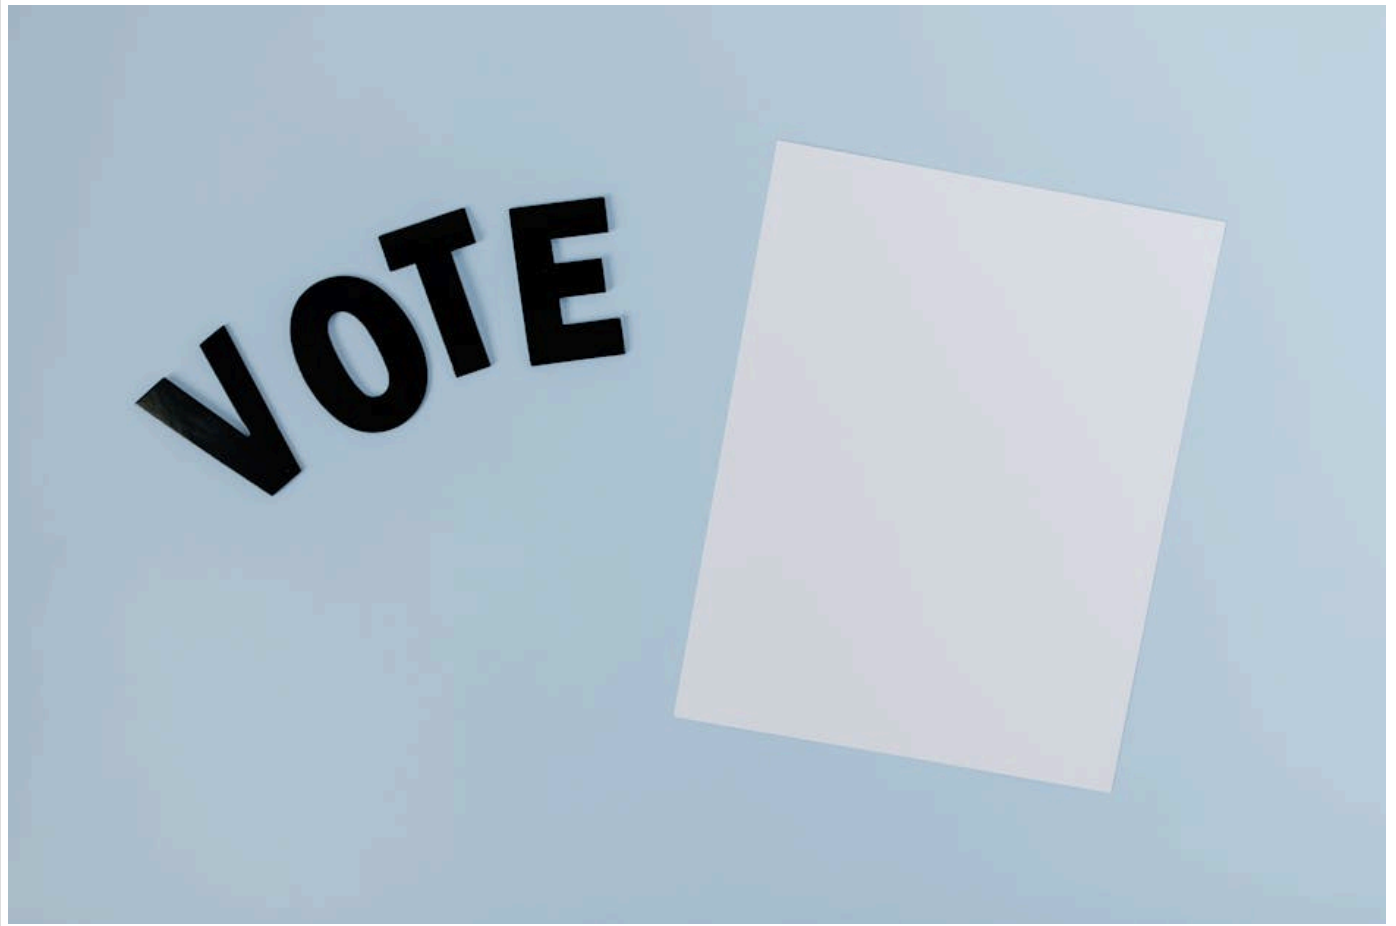

Key for UPSC/PSC: understanding the schedule and scale of local body elections helps gauge grassroots political dynamics and their impact on state-level governance. Watch for party strategies in these crucial local bodies ahead of the 2026 assembly polls.

Source: <https://www.ndtv.com/india-news/polling-in-maharashtra-municipal-councils-local-bodies-to-take-place-on-dec-2-9574161#publisher=newsstand>

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The Special Intensive Revision (SIR) of electoral rolls began across West Bengal, with over 80,000 booth-level officers distributing enumeration forms despite technical glitches, marking the start of a politically sensitive exercise ahead of the 2026 assembly polls.

Detailed analysis:

Exam focus: SIR is a critical pre-election activity. Candidates must know how voter-list revisions can affect electoral demographics and the importance of technology readiness in election management.

Source: <https://www.ndtv.com/india-news/1st-day-of-voter-roll-revision-in-bengal-sees-tech-glitches-9573317#publisher=newsstand>

IndiGo's Wallet Takes a Hit – Rs 2,500 Crore Loss Blamed on Currency Turmoil!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's largest airline reported a net loss of Rs 2,582.10 crore in the September quarter, citing higher forex losses and rising expenses, while also planning to induct its first long-range Airbus A321 XLR in December.

Detailed analysis:

Relevance for economic and business sections of the UPSC syllabus: airline sector health, impact of foreign exchange fluctuations on corporate earnings, and capital-intensive fleet expansion plans.

Source: <https://www.ndtv.com/india-news/indigo-sees-net-loss-of-rs-2-482-crore-for-2nd-quarter-amid-forex-issues-9574181#publisher=newsstand>

Breakthrough! IIT-Bombay Finds Blood Clues That Forecast Diabetic Kidney Failure Early

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Researchers at IIT Bombay have discovered hidden blood biomarkers that can signal early warning signs of diabetic kidney disease, offering a potential tool for early intervention.

Detailed analysis:

Important for health and science topics: showcases India's research capability, relevance to public health policy on non-communicable diseases, and the role of biomarkers in preventive medicine.

Source: <https://www.ndtv.com/india-news/iit-bombay-identifies-biomarkers-to-predict-kidney-failure-in-diabetics-9575263#publisher=newsstand>

Mountain Clash! India's 'Poorvi Prachand Prahar' War Games Gear Up in Arunachal

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A tri-service exercise aimed at integrating war-fighting capability, technological adaptation, and operational synergy among the Army, Navy, and Air Force will be conducted in the rugged Mechuka region of Arunachal Pradesh this month.

Detailed analysis:

Strategic importance for defence studies: highlights jointness, terrain-specific training, and India's focus on strengthening capabilities along the sensitive northeastern frontier.

Source: <https://www.ndtv.com/india-news/india-to-hold-tri-service-exercise-poorvi-prachand-prahar-in-arunachal-9574617#publisher=newsstand>

Silent Killer: Air Pollution Causes 15% of Delhi's Deaths – Alarming Health Crisis!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

An analysis of Global Burden of Disease data reveals that air pollution was responsible for nearly 15% of all deaths in Delhi in 2023, making it the city's single largest health risk.

Detailed analysis:

Environmental health relevance: underscores the impact of poor air quality on mortality, a key issue for policy formulation, urban planning, and public health interventions in the UPSC syllabus.

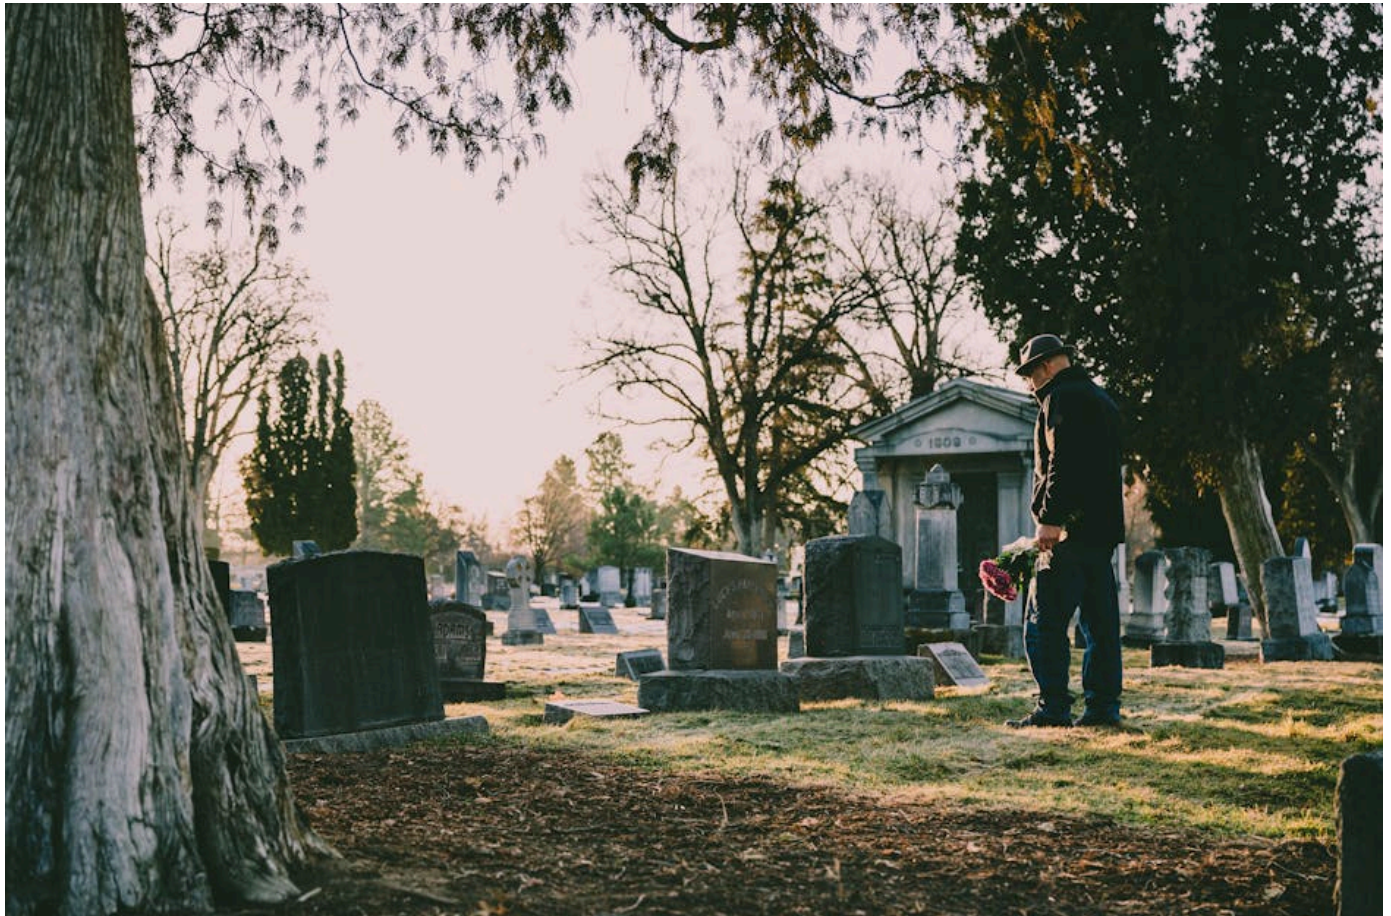

Source: <https://www.ndtv.com/india-news/air-pollution-linked-to-15-of-all-deaths-in-delhi-in-2023-finds-study-9574383#publisher=newsstand>

America Mourns the End of Its Most Controversial Power Broker – Cheney Dies!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

His vice-presidency was defined by the age of terrorism. Cheney disclosed that he had had the wireless function of his defibrillator turned off years earlier out of fear terrorists would remotely send his heart a fatal shock.

Detailed analysis:

Significant for understanding recent U.S. political history and the legacy of post-9/11 policy; likely to appear in UPSC current affairs and comparative politics sections.

Source: <https://www.thehindu.com/news/international/dick-cheney-former-us-vice-president-dies/article70240021.ece>

Washington Pushes UN to Clamp Down on Seven Rogue Ships – North Korea's Trade Lifeline Under Siege!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The United States will, in the coming days, ask the U.N. Security Council committee to impose sanctions on seven ships suspected of violating U.N. sanctions on North Korea, says a State Department official

Detailed analysis:

Highlights enforcement of non-proliferation regimes and U.S. diplomatic pressure on North Korea – essential for geopolitics and international security topics in exams.

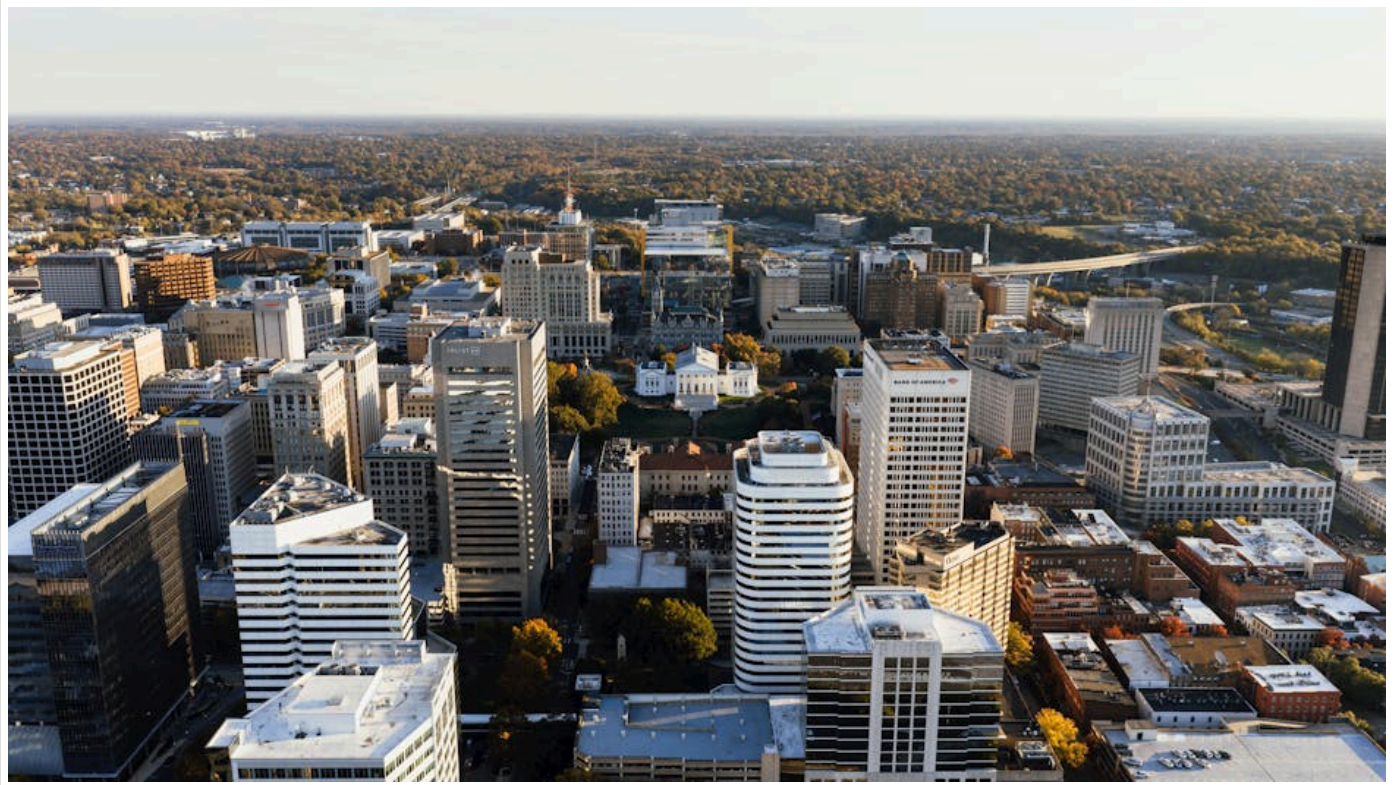

Source: <https://www.thehindu.com/news/international/us-wants-un-sanctions-on-seven-vessels-over-north-korea-exports/article70239465.ece>

Ukrainian Drones Strike Deep Inside Russia – Petrochemical Plant Hit in Bashkortostan!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The administration of the city of Sterlitamak, where the plant is located, said that all five workers inside were not injured

Detailed analysis:

Shows the expanding reach of the Ukraine-Russia conflict and the use of drone warfare, a key point for defence and security sections of competitive exams.

Source: <https://www.thehindu.com/news/international/ukraine-attacks-petrochemical-plant-in-bashkortostan-with-drones-says-russia/article70238934.ece>

Deadly Typhoon Kalmaegi Ravages Philippines – Floods, Roof-Top Survivors, and Rising Death Toll!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

With sustained winds of 150 kmph, Kalmaegi, locally named Tino, is forecast to start shifting away from the western section of the archipelago into the South China Sea later Tuesday (November 4) or early Wednesday (November 5)

Detailed analysis:

Relevant for climate-disaster management, South-East Asian geopolitics and humanitarian response – frequently featured in UPSC and State Service exams.

Source: <https://www.thehindu.com/news/international/typhoon-kalmaegi-brings-life-threatening-conditions-to-central-philippines/article70238657.ece>

Bloodshed in Mexico: 13 Dead as Police Clash with Sinaloa Cartel Gangs!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Pacific Sinaloa has faced a wave of violence in the past year between factions of the Sinaloa Cartel and as authorities try to wrest back control of the area.

Detailed analysis:

Illustrates the drug-war challenge in Latin America, law-enforcement tactics and security issues – vital for international relations and security studies.

Source: <https://www.thehindu.com/news/international/mexico-pacific-sinaloa-drug-cartel-state-authorities-killings-death-toll/article70238666.ece>

End of an Era: North Korea's Veteran Figurehead Kim Yong Nam Passes Away!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Kim Yong Nam served as head of the Supreme People's Assembly from 1998 to April 2019

Detailed analysis:

Marks a generational shift in North Korean political hierarchy; important for understanding regime stability and succession dynamics in Asian politics.

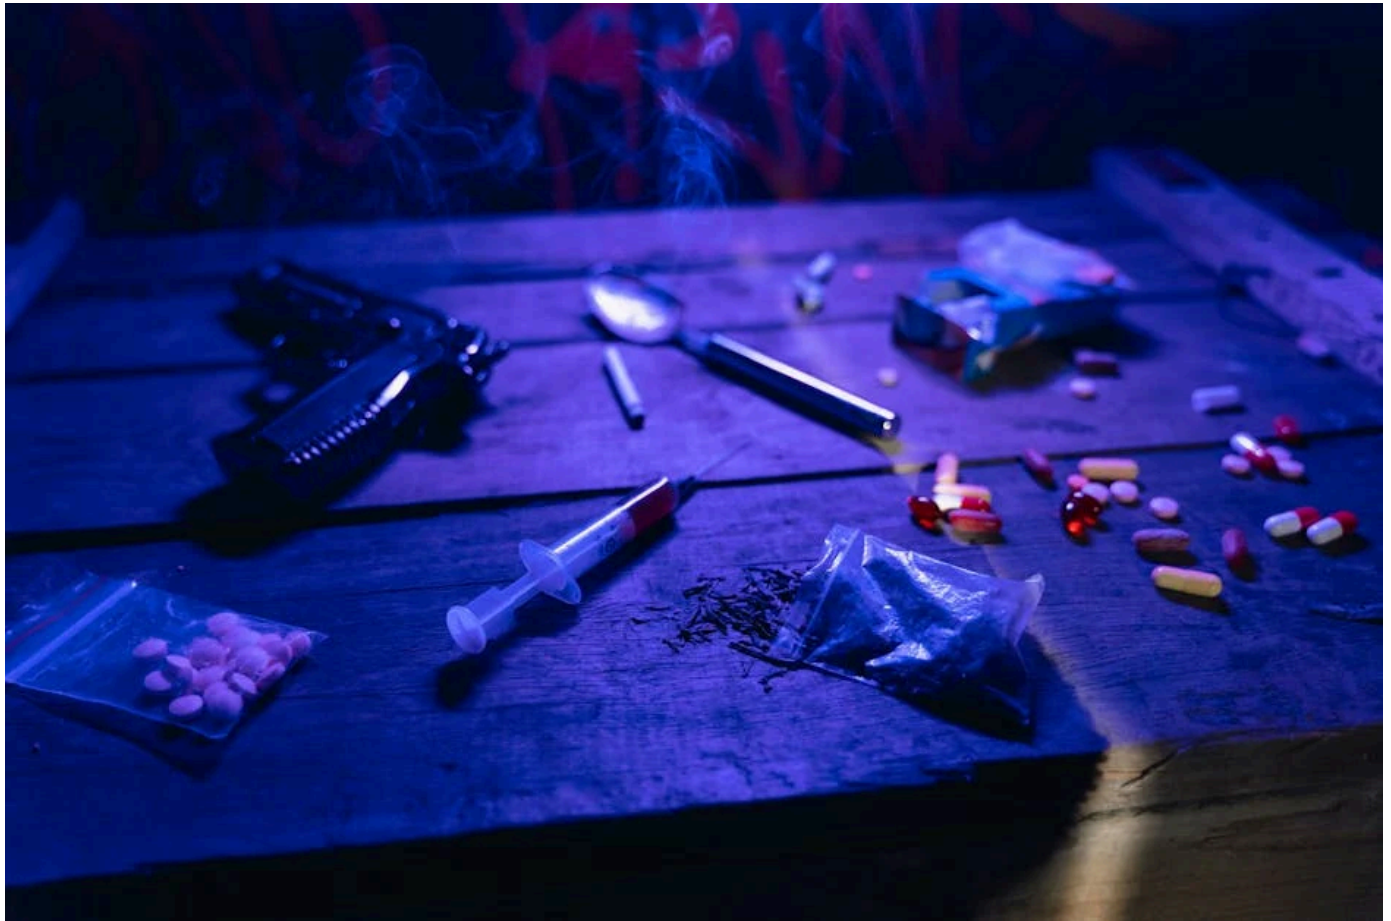

Source: <https://www.thehindu.com/news/international/north-korea-says-its-longtime-ceremonial-head-of-state-kim-yong-nam-has-died/article70238653.ece>

Cocaine Empire Worth \$1.6 Billion Crumbles as Interpol Nabs Heir!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Interpol has issued a Red Notice against Rishabh Baisoya, wanted in connection with a ₹13,000-crore cocaine haul. Here's what is known about the fugitive drug cartel heir, the case, and the global investigation that spans five countries.

Detailed analysis:

The seizure of a multi-billion-rupee cocaine network underscores the scale of illicit drug money flowing through South-Asia. Disruption will tighten compliance pressures on banks and logistics firms, while highlighting the need for stronger AML frameworks in the region's trade corridors.

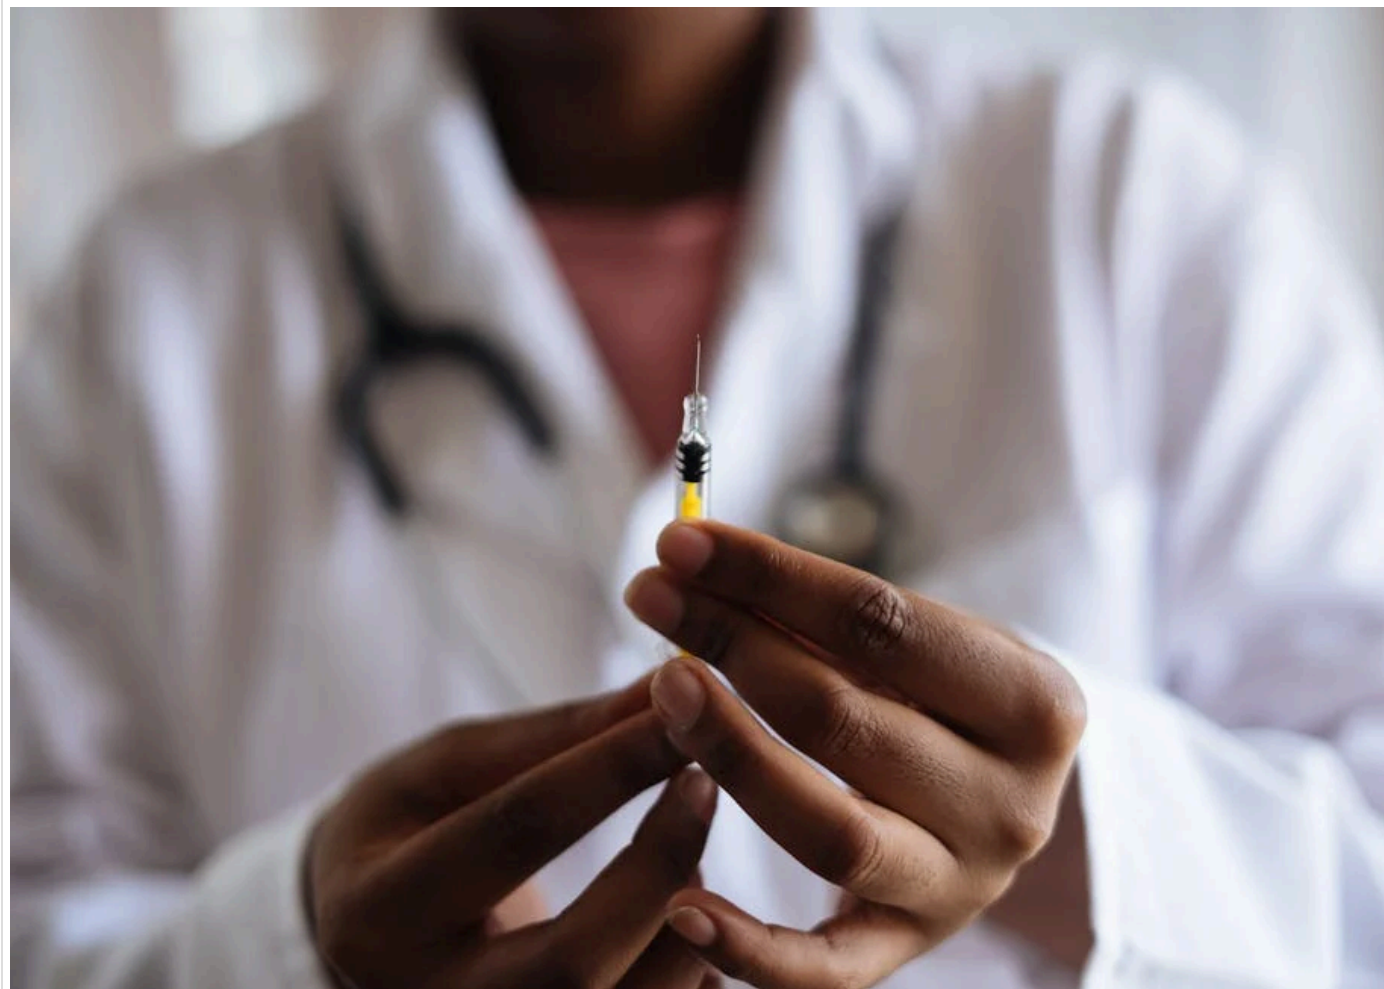

Source: <https://www.livemint.com/news/india/interpol-issues-red-notice-for-rishabh-baisoya-in-13-000-cr-drug-case-spanning-south-america-dubai-delhi-who-is-he-11762264925120.html>

TB Vaccine Blocked – Millions at Risk as India Says ‘Not Proven Yet’!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's top drug regulator cited insufficient evidence of efficacy in the two studies conducted by Serum Institute and ICMR. A vaccine is vital for India as the country battles a severe TB crisis.

Detailed analysis:

The denial stalls a potentially game-changing product for the world's largest TB market, delaying revenue for Serum and affecting its pipeline. Investors will watch for revised trial data, while public-health budgets must continue funding existing treatment regimens.

Source: <https://www.livemint.com/news/india/dcgi-rejects-marketing-rights-serum-institute-tb-vaccine-shot-new-study-icmr-tuberculosis-11762251034974.html>

India's Steel Boom: New Incentives Fuel \$10 Billion Surge!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Only companies registered in India and engaged in the end-to-end manufacturing of the notified products will be eligible to apply for incentives.

Detailed analysis:

The third PLI tranche deepens domestic value-addition in specialty steel, attracting foreign capex and boosting exports. It aligns with Make-in-India goals, promising job creation and higher margins for eligible firms while tightening competition for non-eligible players.

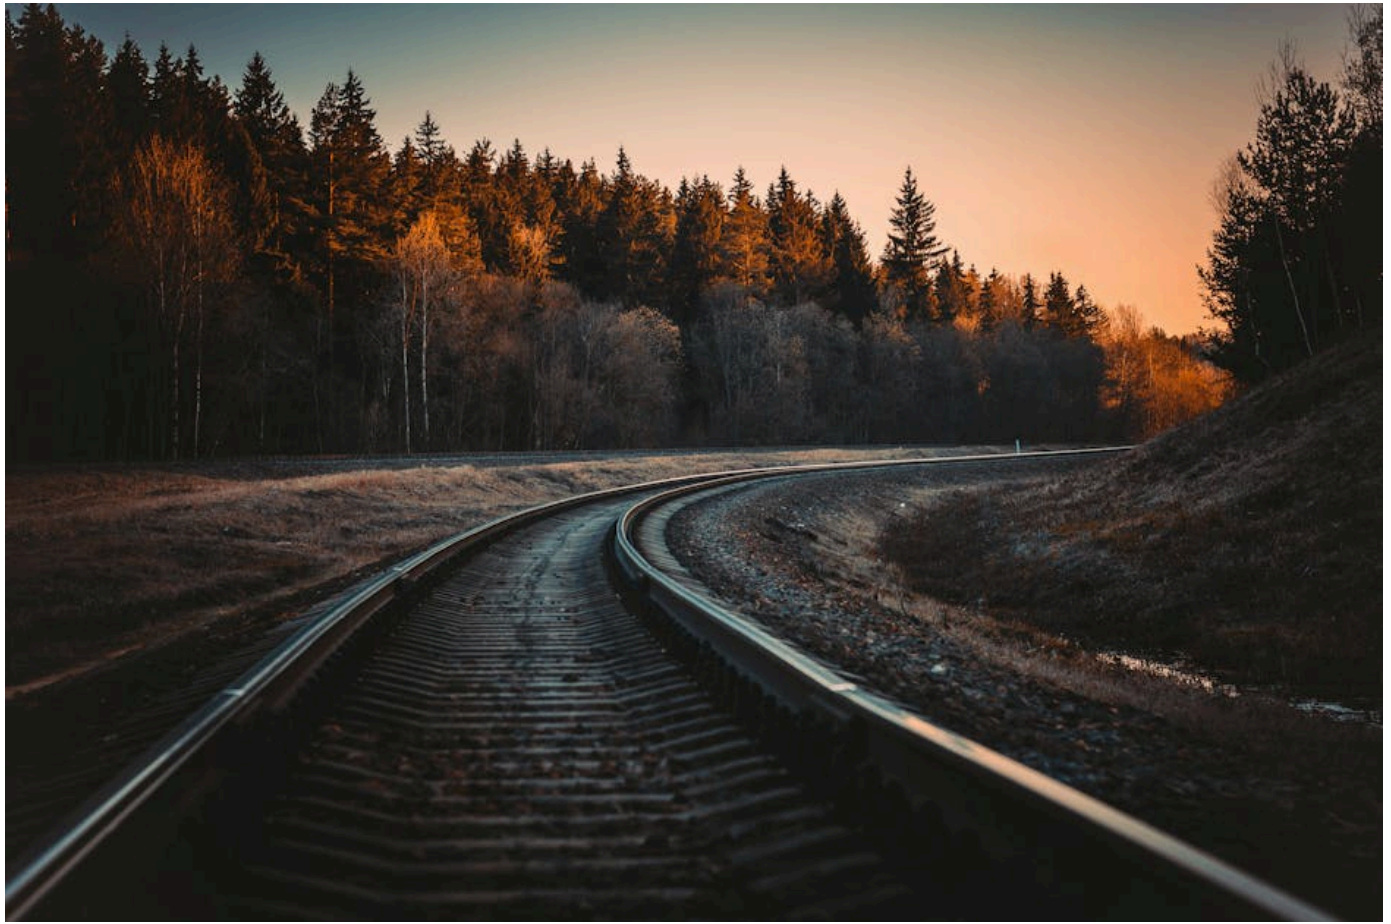

Source: <https://www.livemint.com/news/india-pli-scheme-specialty-steel-third-round-manufacturing-investment-jobs-steel-production-make-in-india-11762253134160.html>

Indian Railways Eyes Record Profitability as Revenues Surge!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Indian Railways fast return to normalcy post covid and a pickup in both freight and passenger revenues may give it enough room to show a further increase in internal revenue generation in 2026-27.

Detailed analysis:

Improved operating ratios signal better cost control and higher freight tariffs, enhancing the sector's credit profile. The outlook could attract private-sector partners for future PPP projects and boost railway bonds demand.

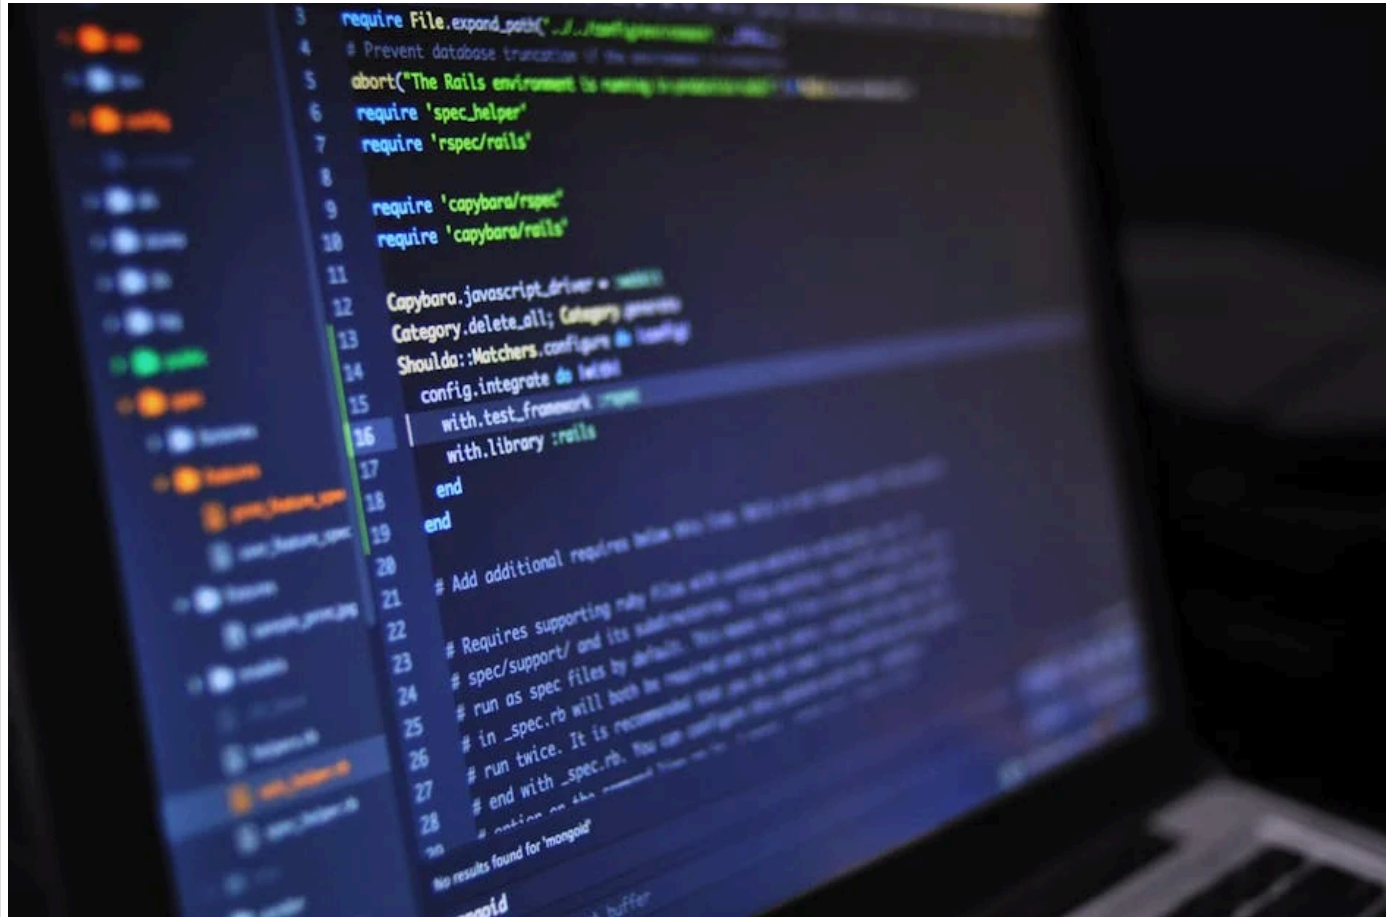

Source: <https://www.livemint.com/news/india/indian-railways-operating-ratio-drops-revenue-budgetary-support-drives-efficiency-11762249860796.html>

Big Tech Money Fuels Trump's White House Makeover – Federal Deals Under Scrutiny!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

These companies have faced federal enforcement actions, had their businesses impacted by tariff policy or seen existing enforcement actions suspended by the Trump administration.

Detailed analysis:

The revelation ties major tech firms to political fundraising, raising governance and compliance concerns. Shareholders may demand clearer lobbying disclosures, while contract-award processes could face tighter congressional oversight.

Source: <https://www.livemint.com/news/us-news/apple-meta-microsoft-and-other-donors-to-trumps-white-house-revamp-ballroom-project-have-federal-contracts-report-11762256460520.html>

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The finance minister says Indian economists should play a greater role in shaping policy and research that reflect the nation's realities rather than Western models.

Detailed analysis:

A shift toward indigenous models may influence fiscal policy, trade negotiations, and investment incentives, potentially reshaping foreign direct investment strategies and encouraging home-grown research institutions to guide macro-economic planning.

Source: <https://www.livemint.com/news/india/sitharaman-urges-data-driven-technology-focused-economics-india-centric-economic-models-11762258499054.html>

India's Chess Sensation SL Narayanan Shocks the World, Secures Historic Spot!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's S L Narayanan dumped Steven Rojas of South Africa and became the first player to qualify to the round of 128

Detailed analysis:

Shows India's rising strength in international chess, a sport often asked in competitive exams for its strategic value and India's medal prospects in upcoming Asian Games and Olympiads.

Source: <https://www.hindustantimes.com/sports/others/chess-world-cup-sl-narayanan-first-of-nine-indians-to-qualify-for-the-round-of-128-101762229261147.html>

Olympic Shock: Mirabai Chanu's Dream Weight Class Vanishes!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The IWF has excluded Mirabai Chanu's 49kg class from the 2028 Olympics, introducing new weight classes for men and women instead.

Detailed analysis:

Critical update for aspirants tracking India's Olympic medal chances; weight-class revisions affect athlete selection, funding and training policies covered in sports sections of UPSC prelims.

Source: <https://www.hindustantimes.com/sports/others/iwf-names-new-olympic-divisions-chanu-s-weight-class-dropped-101762194854798.html>

MMA Maverick Sangram Singh Stuns Opponent, Claims Second Victory!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's renowned wrestler-turned-MMA fighter and Commonwealth heavyweight champion Sangram Singh has made history once again.

Detailed analysis:

Highlights the growth of mixed martial arts in India, a sector gaining government recognition for sports promotion and potential inclusion in future multi-sport events.

Source: <https://www.hindustantimes.com/sports/others/sangram-singh-secures-his-second-career-win-as-tunisian-fighter-hakim-trabelsi-taps-out-in-second-round-101762228756061.html>

PKL Revolution: Young Coaches Rewrite Kabaddi Playbook!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Coaches believe the 12th season of PKL was the most competitive edition yet, with teams better prepared both technically and strategically

Detailed analysis:

Emphasizes how modern coaching techniques are elevating indigenous sports like Kabaddi, a topic of interest for sports policy and grassroots development questions in exams.

Source: <https://www.hindustantimes.com/sports/others/young-coaches-in-pkl-driving-transformation-101762194256634.html>

Match-Fixing Scandal Rocks Kolkata Football: Two Arrested!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Kolkata Police arrested two officials for match-fixing in the Kolkata league, with more arrests possible as investigations continue.

Detailed analysis:

Illustrates legal and ethical challenges in Indian sports, relevant for governance and anti-corruption sections of civil services exams.

Source: <https://www.hindustantimes.com/sports/football/two-arrested-on-fixing-charges-in-kolkata-league-101762189872903.html>

Young Chess Prodigies Pranav V & Aryan Tari Battle Pressure to Become World Champions!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Pranav V, 19, and Aryan Tari, 26, both world junior chess champions, navigate pressure as potential superstars amid legends like Anand and Carlsen.

Detailed analysis:

Underlines the psychological aspect of elite sport performance, a theme frequently explored in sports psychology modules of competitive examinations.

Source: <https://www.hindustantimes.com/sports/others/chess-the-heaviness-of-being-pranav-v-and-aryan-tari-101762188312599.html>

Tiny Black Hole 'Morsels' May Unlock Secrets of the Universe!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Gravity and quantum physics interact at the event horizons of black holes, though physicists don't understand all the details. A new theoretical study has proposed that very small black holes, dubbed black hole 'morsels', possibly formed in violent cosmic collisions could serve as more unique probes of quantum gravity

Detailed analysis:

The article links astrophysics with quantum mechanics, a high-weight topic for advanced science exams. Understanding gamma-ray bursts and black-hole horizons can help candidates answer conceptual questions on relativity, quantum gravity, and observational signatures in cosmology.

Source: <https://www.thehindu.com/sci-tech/science/gamma-ray-bursts-from-black-hole-morsels-could-expose-quantum-gravity/article70239488.ece>

Cosmic Gold Rush: Is the Universe Still Minting Gold?

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Detailed analysis:

Explores nucleosynthesis pathways—supernovae and neutron-star mergers—that create heavy elements like gold. This knowledge is crucial for geology, astrophysics, and chemistry sections of competitive exams, especially questions on stellar evolution and the origin of Earth's resources.

Source: <https://indianexpress.com/article/technology/science/gold-on-earth-universe-supernova-neutron-star-10345827/>

36 Volunteers Sacrificed to Test Life-Saving Avalanche Gadget!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Highlights a real-world application of life-support technology and emergency response engineering. Relevant for exam topics on disaster management, human physiology under extreme conditions, and the physics of oxygen supply systems.

Source: <https://indianexpress.com/article/technology/science/avalanche-safety-device-test-oxygen-supply-rescue-safeback-10345065/>

COPD: The Silent Killer Claiming 3.5 Million Lives!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

According to the World Health Organization, COPD is the fourth-leading cause of death worldwide, causing 3.5 million deaths in 2021, approximately 5% of all global deaths.

Detailed analysis:

Highlights the massive disease burden of COPD, a key topic for public-health and preventive-medicine sections of government exams. Emphasises WHO statistics, risk factors and the need for early diagnosis and tobacco-control policies.

Source: <https://www.thehindu.com/sci-tech/health/all-you-need-to-know-about-copd/article70235682.ece>

Deadly Cough Syrup Scandal Rocks Madhya Pradesh!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Jyoti Soni is the proprietor of a medical shop from where the cough syrup was sold to several victims, the official said.

Detailed analysis:

Illustrates lapses in drug distribution and the role of law-enforcement agencies like SIT. Relevant for questions on pharmacovigilance, drug safety regulations and legal accountability in health-care.

Source: <https://www.thehindu.com/news/national/madhya-pradesh/cough-syrup-tragedy-sit-arrests-wife-of-accused-dr-praveen-soni/article70239095.ece>

Rare Juvenile Huntington's Brain Donated – Breakthrough Hope!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The deceased, Jagadeesha, who was 12, hailed from Kalagotla village in Yemmiganur mandal of Kurnool district, Andhra Pradesh, was first evaluated at NIMHANS in 2017

Detailed analysis:

Shows India's growing capacity for rare-disease research and the importance of brain-banking. Useful for genetics, neuro-degenerative disease and research-ethics modules in competitive exams.

Source: <https://www.thehindu.com/news/national/karnataka/first-juvenile-huntingtons-disease-brain-donated-to-nimhans-for-research/article70236878.ece>

FDA's Chief Quits Amid Scandal!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The departure came the same day that a drugmaker connected to one of Mr. Tidmarsh's former business associates filed a lawsuit alleging that he made “false and defamatory statements” during his time at the FDA

Detailed analysis:

Reflects governance issues in drug approval bodies. Pertinent for sections on regulatory frameworks, ethical conduct, and international drug-policy comparisons in exams.

Source: <https://www.thehindu.com/news/international/fdas-top-drug-regulator-resigns-after-federal-officials-probe-serious-concerns/article70237987.ece>

Court Bans 'ORS' Drinks – Protecting Public Health!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

The Delhi High Court upholds the FSSAI's order barring companies from using the label 'ORS', citing serious health risks for consumers

Detailed analysis:

Key case on food-labelling standards and consumer protection under FSSAI regulations. Frequently asked in UPSC/State exams under food safety, public-health law, and consumer rights.

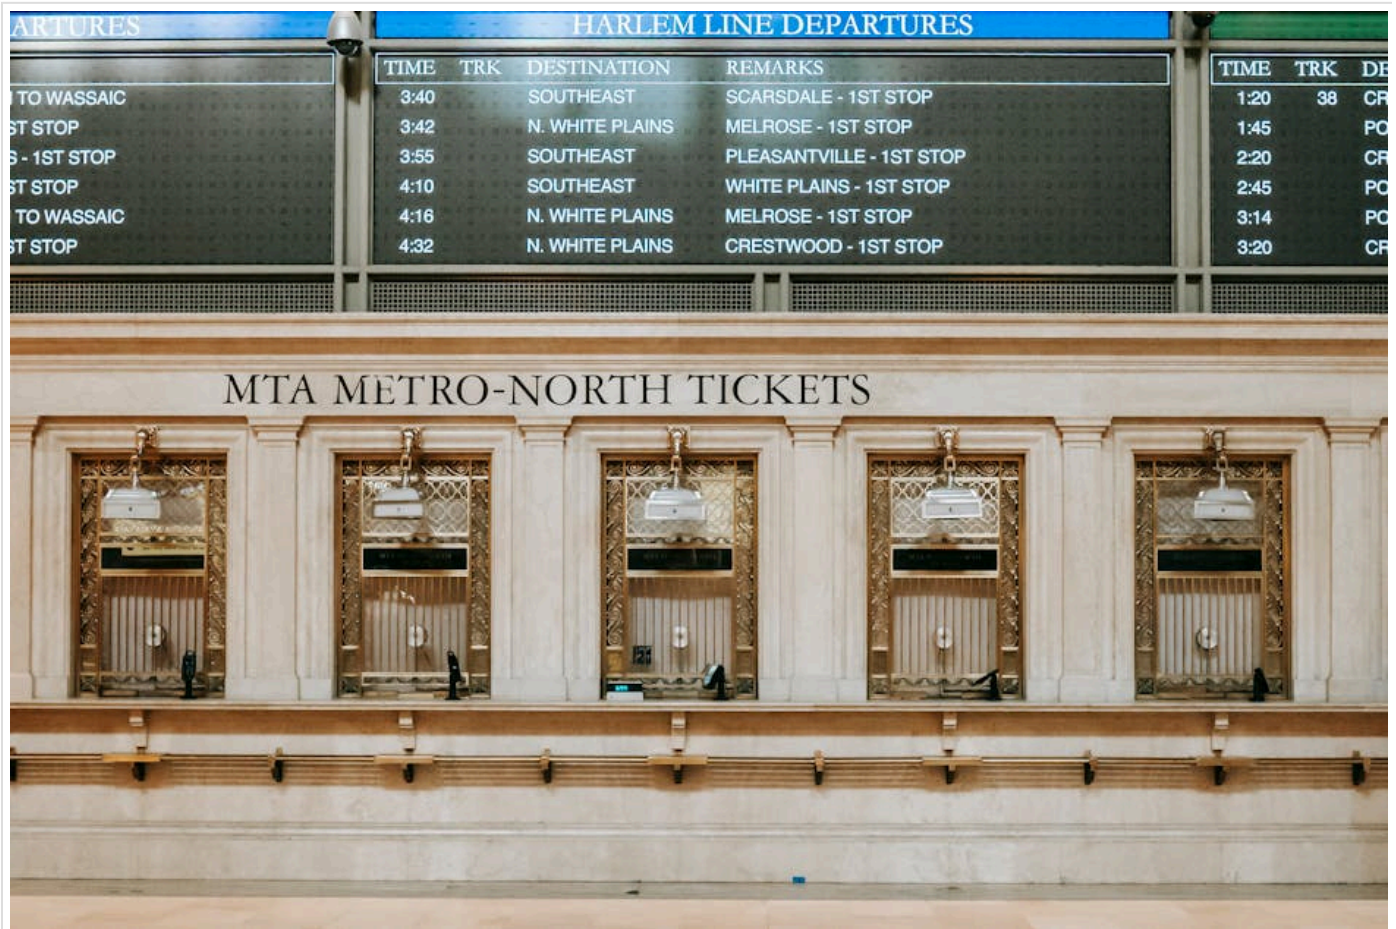

Source: <https://www.thehindu.com/sci-tech/health/delhi-hc-upholds-fssai-ban-on-sale-of-beverages-with-ors-branding/article70236140.ece>

 **ATTENTION TEACHER ASPIRANTS!** Your TNTET 2025 Hall Ticket is LIVE – Grab It Before It Disappears!

Zerodha's Founder Roasts Rival Groww on IPO Day – A Market Shock!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Zerodha founder Nithin Kamath humorously acknowledged competitor Groww's IPO, noting a significant portion of applications came from Zerodha customers. Groww's IPO opened to a decent start, with strong retail enthusiasm.

Detailed analysis:

The banter highlights intense competition in India's discount-brokerage space and the role of retail inflows in IPO pricing. Aspirants should note how platform loyalty can sway IPO subscription figures, a topic often asked in banking-&-finance exams.

Source: <https://economictimes.indiatimes.com/markets/stocks/news/zerodha-helps-groww-grow-nithin-kamaths-cheeky-congrats-steals-the-show-on-ipo-day/articleshow/125089531.cms>

Groww's Billion-Rupee IPO Launch – Will It Skyrocket or Crash?

Image 1 (Real):

Image 2 (Pexels):

Summary:

Groww launches its IPO today, aiming to raise Rs 6,632 crore. The investment platform faces regulatory challenges, especially around futures and options, but is diversifying its offerings to sustain growth.

Detailed analysis:

Groww's IPO size underscores the appetite for fintech listings. Exam takers should focus on how regulatory caps on F&O trading can affect revenue models and the importance of product diversification for long-term valuation.

Source: <https://economictimes.indiatimes.com/markets/ipos/fpos/grow-groww-grown-but-whats-the-growth-path-ahead/articleshow/125081727.cms>

Wall Street's Bernstein Backs Swiggy & Eternal – 'Outperform' Sparks Market Frenzy!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Global brokerage firm Bernstein has initiated coverage on India's leading e-commerce platforms, Eternal and Swiggy, assigning an 'Outperform' rating to both, with target prices of Rs 390 and Rs 570, respectively.

Detailed analysis:

Foreign broker ratings can sway domestic investor sentiment and affect stock volatility. Understanding rating criteria and target price derivation is vital for UPSC/IAS economics sections on capital markets.

Source: <https://economictimes.indiatimes.com/markets/stocks/news/bernstein-initiates-coverage-on-eternal-swiggy-with-outperform-ratings-sees-strong-upside-in-qc-food-delivery/articleshow/125082928.cms>

22 Debt-Free Small-Caps Set to Explode – FII Money Rushes In!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

A study identifies 22 debt-free small-cap companies with rising FII stakes and solid FY25 profits above ₹100 crore. CarTrade Tech, FIEM, eClerx, Swaraj Engines, and NBCC (India) lead gains with up to 103% returns.

Detailed analysis:

Debt-free balance sheets and strong FII participation are key indicators of resilience. Candidates should memorize such criteria for questions on equity valuation and portfolio management.

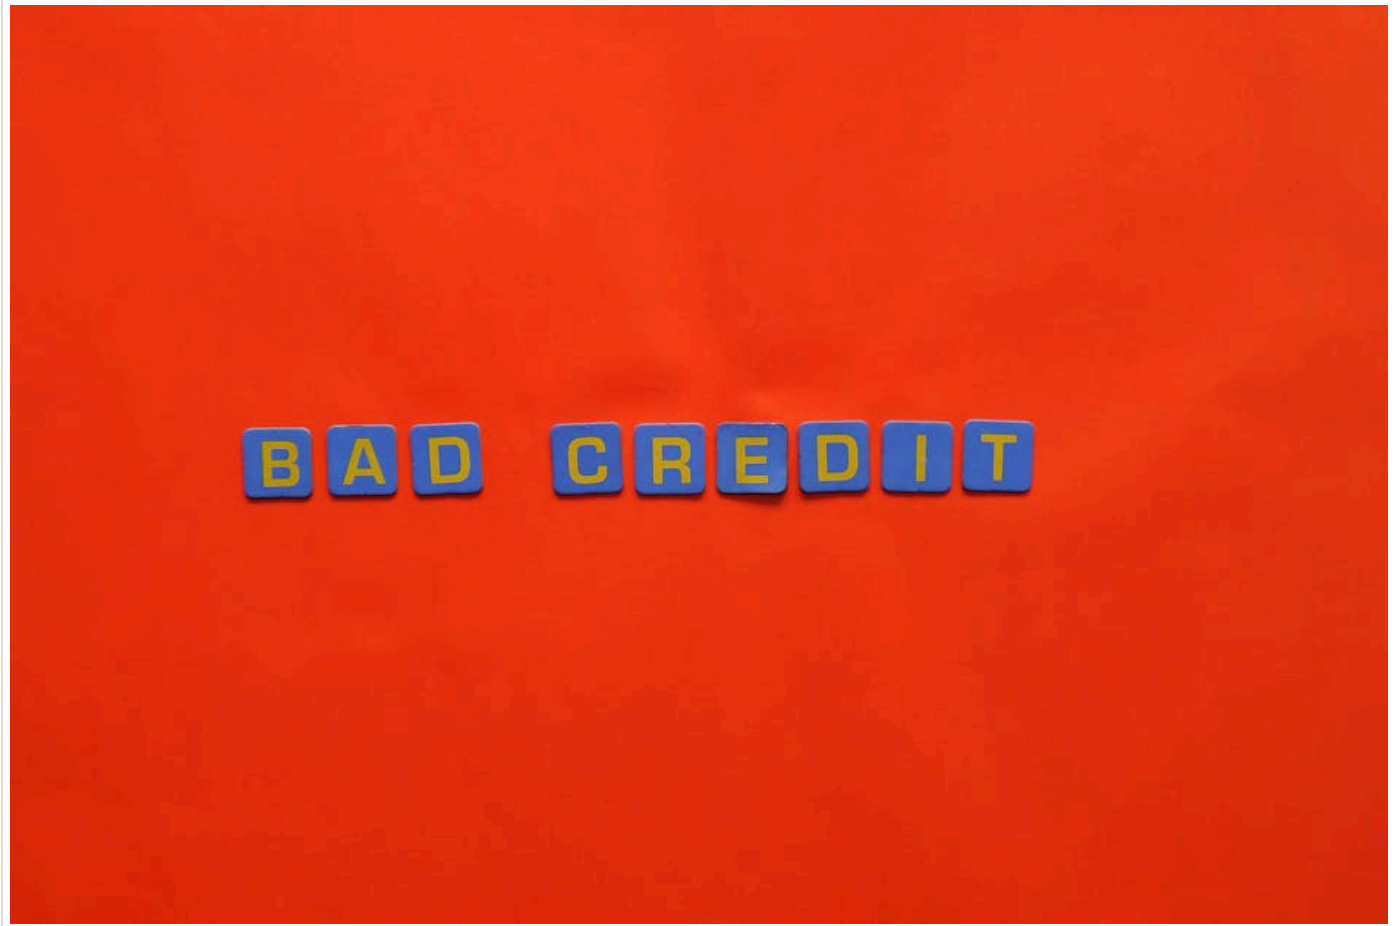

Source: <https://economictimes.indiatimes.com/markets/stocks/news/debt-free-and-fii-favourites-the-small-cap-stars-shining-in-2025/articleshow/125082548.cms>

Fitch Turns 'Stable' on Adani Ports & Energy – Credit Boost Sparks Investor Rally!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

Fitch Ratings has taken a positive step by upgrading the outlook for Adani Ports and Adani Energy Solutions to Stable. This decision underscores the Adani Group's impressive access to a wide range of funding options.

Detailed analysis:

Rating outlook upgrades improve borrowing costs and attract institutional funds. For civil service exams, link this to sovereign and corporate credit risk assessment frameworks.

Source: <https://economictimes.indiatimes.com/markets/stocks/news/fitch-ratings-upgrades-outlook-on-adani-ports-and-adani-energy-to-stable/articleshow/125076740.cms>

IPO Reforms Ignite Wild Investor Mania – Is the Bubble About to Burst?

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

India's IPO reforms deepened the market—but also fuelled a culture of short-term bets, overpricing, and unrealistic expectations. It's time for a fairer, more transparent ecosystem.

Detailed analysis:

Reforms like book-building and lower lot sizes increased participation but also led to price volatility. Aspirants should evaluate the trade-off between market depth and speculative excess, a common essay topic in economics papers.

India's Sky-Hack: Can Cloud-Seeding Eradicate Delhi's Smog?

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

How does the process work? How does it aim to settle the build of smog and particulate matter in the air? When did India first experiment with cloud seeding? What was the Cloud Aerosol Interaction and Precipitation Enhancement Experiment? Have the recent trials in Delhi been successful?

Detailed analysis:

The article explains cloud-seeding technology, its history in India, and recent Delhi trials. For UPSC, note the scientific principle (introducing hygroscopic particles), policy timeline (first experiments in the 1960s, CAIPPE 2010s), and challenges such as efficacy, environmental impact, and regulatory framework under MoEFCC.

Energy Efficiency: India's Secret Weapon to Beat Climate Change!

Image 1 (Real):

 Original Image

Image 2 (Pexels):

Summary:

If India wants to actually decarbonise its grid, efficiency must become the first fuel — and flexibility, not fossil fuels, must power the future

Detailed analysis:

The op-ed argues that demand-side management is the cheapest decarbonisation route. Key points for exams: energy-intensity reduction, building codes, appliance standards, industrial retrofits, and the role of smart grids. Connect with policies like the Perform, Achieve, Trade (PAT) scheme and India's Net-Zero 2070 pledge.
