Tragic Chaos at Kolkata's Durga Puja: 13 Women and a Child Lose Their Lives!

Image 1 (Real):

Original Image

Image 2 (Pexels):

Summary:

The dead include 13 women and a child.

Detailed analysis:

The stampede underscores severe lapses in crowd-control planning, especially at religious gatherings. Exam aspirants should note the need for stricter enforcement of the Disaster Management Act, mandatory safety audits of temporary structures, and the role of local municipal bodies in issuing occupancy permits. The incident may lead to tighter regulations on event-site design and emergency evacuation protocols.

Narrow Gates and Torrential Rain Trigger Deadly Kolkata Pandal Crush!

Image 1 (Real):

Original Image

Image 2 (Pexels):

Summary:

"The entrance was very narrow, and the exit gate was also narrow. There was no lighting in the area," a local man, whose daughter and granddaughter were among the injured, said.

Detailed analysis:

First-hand accounts highlight how inadequate ingress/egress points and poor lighting amplified the disaster. For UPSC preparation, remember that the Public Safety Act and municipal building codes mandate minimum width for exits and mandatory illumination. Weather forecasts must be integrated into crowd-management plans for outdoor events.

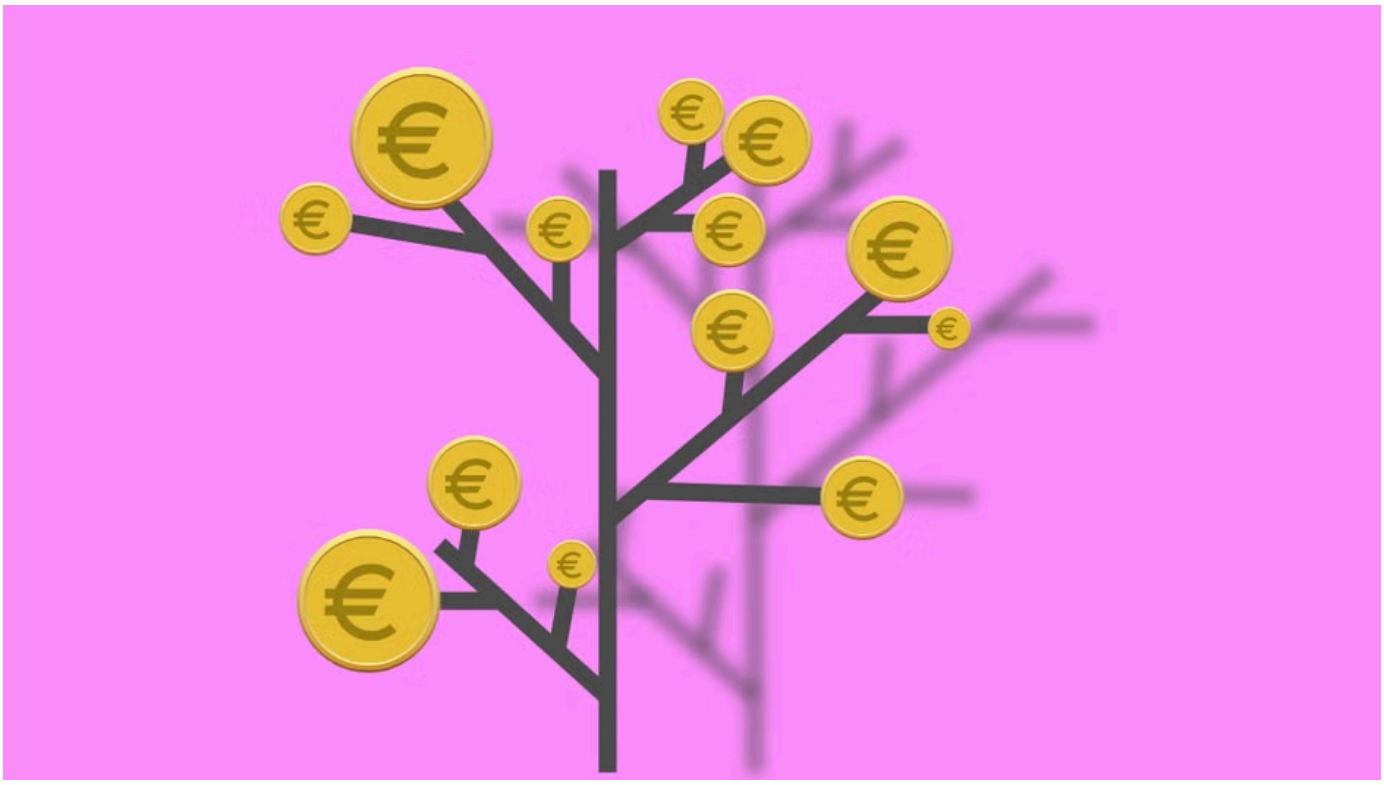
India’s Economy Hits 7% Growth – Economist Calls It a Celebration!

Image 1 (Real):

Original Image

Image 2 (Pexels):



Summary:

He said that the growth streak of five years of over 7 per cent growth matches India's 2003-2007 run, when India attracted global attention as one of the BRIC economies.

Detailed analysis:

Sustained 7%+ GDP growth post-COVID places India alongside the high-growth BRIC era, reflecting strong domestic consumption and export recovery. Aspirants should link this to fiscal consolidation, monetary policy easing, and the Make in India initiative, as well as potential challenges like inflationary pressures and external debt sustainability.

Creepy Crawlers Invade Delhi's Top Retail Stores – Lizard, Cockroaches Exposed!

Image 1 (Real):

Original Image

Image 2 (Pexels):

Summary:

The inspections covered facilities operated by Swiggy Instamart, Zepto, Blinkit, Zomato Hyperpure and Reliance Retail. Officials found hygiene violations, improper food storage and lapses in maintaining the prescribed temperatures, the Delhi government said on Saturday.

Detailed analysis:

The Food Safety and Standards Authority of India (FSSAI) has empowered state agencies to conduct surprise inspections. Findings of vermin and temperature breaches can trigger suspension of licenses under the Food Safety Act, 2006. This case underscores the need for robust supply-chain monitoring, especially for e-grocery platforms, a topic often asked in GS-II (Food & Consumer Affairs).
